George Alexander Stevens and the Lecture on Heads Oct 31 2020 In this carefully researched work, Gerald Kahan traces the genesis, development, and production history of a delightful and important eighteenth-century theatre piece, The Lecture on Heads. The Lecture was first presented in London in 1764 and became a staple in the English-speaking theaters of the world for the remainder of the eighteenth century. It amassed a fortune for its creator, George Alexander Stevens, was copied and adapted by dozens of performers, and went through forty published editions, authentic and spurious. Kahan studies the theatrical and cultural backgrounds that influenced the contents, development, and popularity of the Lecture. His exhaustive research has produced the most comprehensive and accurate published account of Stevens's life and career as well as a bibliography of his works. In addition, readers will find one of the earliest printed texts of the Lecture and a scholarly chronological listing of hundreds of its performances and many of its variations, including information on dates, cities, theaters, actors, ticket prices, and critical reviews.

Alexander Pope Mar 24 2020 This title was first published in 2002: Making use of the growing body of research in recent years on the nature of creativity, Netta Goldsmith here presents a new view of the famous poet whose personality has long frustrated scholars as elusive. Goldsmith tells the story of Pope's life so as to show the factors—personal and public, psychological and social—which shaped his character and enabled him to secure widespread recognition as a major poet. Discussions of significant works are integrated into the narrative covering main events and key relationships, as well as illustrating points made throughout about Pope's approach to his art. Among other things this book shows how vulnerable Pope felt as a Papist in a time of endemic Jacobite activity, and how his fear of possible prosecution for sedition determined much of his conduct and the way he shaped his career. Alexander Pope: The evolution of a poet not only provides a fresh perspective on Pope, but also on the very nature of literary creativity.

Faking Reality Sep 22 2022 Can a reality star princess transform the boy-next-door into her Cinnamon Roll Prince? Dakota McDonald swore after “The Great Homecoming Disaster” that she’d never allow her romantic life to be a plot line in her parents’ HGTV show again. But when the restaurant run by the family of her best friend (and secret crush), Leo, is on the line, Dakota might end up eating her own words. Leo Matsuda dreams of escaping the suffocating demands of working in his family’s restaurant, but the closer he gets to his goal—thanks to the help of his best friend (and secret crush) Dakota—the more reasons there are for him to stay. Sara Fujimura's *Faking Reality* is another charming multicultural romance by the award-winning author of *Every Reason We Shouldn't*, a National Public Radio Best YA Book of the Year. Alexander the Great and Hernán Cortés Jun 26 2020 This is a biographical pairing of two of the greatest conquerors in human history, drawing its inspiration from Plutarch’s *Parallel Lives*. Like Plutarch, the purpose of the pairing is not primarily historical. While Plutarch covers the history of each of the lives he chronicles, he also emphasizes questions of character and the larger lessons of politics to be derived from the deeds he recounts. The book provides a narrative account both of Alexander’s conquest of the Persian Empire and Cortés’s conquest of the Aztec Empire while reflecting on the larger questions that emerge from each. The campaign narratives are followed by essays devoted to leadership and command that seek to recover the treasures of the Plutarchian approach shaped by moral and political philosophy. Analysis of leadership style and abilities is joined with assessment of character. Special emphasis is given to the speeches provided in historical sources and meditation on rhetorical successes and failures in maintaining the morale and willing service of their men.

Alexander Paterson: Prison Reformer May 18 2022 The first biography of the prison reformer Alexander Paterson (1884-1947). Sir Alexander Paterson (1884-1947) is best remembered for his role as Commissioner of Prisons and as the individual responsible for some of the greatest British innovations in the field of penal practice. All major prison reforms of his day can be associated with his name. One of the key characteristics of Paterson's reform drive was that he brought a much more 'scientific' approach to penology, encouraging psychiatrists and psychologists to work in prison. He was the prime mover behind the rapid expansion and transformation of the Borstal System and the introduction of open prisons, gaining Britain an international reputation for being at the forefront of penal reform. Harry Potter's account is the first biography of Alexander Paterson and it is based on unpublished material from government and family archives. Besides his achievements as prison reformer, Paterson's life encapsulated many trends in English society in the late nineteenth and early twentieth centuries: from the influence of Liberalism and Unitarianism in the industrial heartland of his youth, the Idealist philosophy of Thomas Hill Green at Oxford, to the impact of school and university 'missions' in the dark reaches of London. At Oxford he became friends with Clement Attlee. He also knew the radical Winston Churchill and it was Churchill who in 1910 first appointed him to a leading role in the aftercare of prisoners. Paterson's most formative years were undoubtedly spent living in a slum dwelling in South London when he devoted his time and energy to the Oxford and Bermondsey Medical Mission, one of the university settlements so common at the time - Attlee famously spent years in Halesbury boys' club and Toynbee Hall in the East End. Paterson went on to publish a best-selling book - *Across the Bridges* - on his experiences in the South London slums. After a distinguished service in the Great War, Paterson devoted the rest of his life to the prison service at home and to penal reform abroad. Given current debates about prison reform and the general challenges the penal system is facing, revisiting Paterson's life and work will be a timely endeavour. Harry Potter - criminal barrister, historian and former prison chaplain - is ideally suited to write this biography.
