**The International Baccalaureate Diploma Programme** Jan 26 2023 The International Baccalaureate (IB) is a respected qualification gaining increasing currency around the world, and which has been adopted by a wide variety of schools, both public and private. In the UK, growing dissatisfaction with the A-level system has led to an intense debate about alternative qualifications, and in many schools IB courses have been introduced alongside conventional A-level courses. This practical introduction to the IB takes a balanced look at the pros and cons and features a wealth of advice from those actually involved in teaching and implementing it in schools. Providing comparative material on how IB courses differ from A-levels and a subject-by-subject account of best practice in teaching the IB, this book offers a rich source of practical advice for teachers, school leaders or managers involved in teaching or implementing the IB programmes.

*Een analyse van het International Baccalaureate Diploma Programme en de toepassing ervan in Vlaanderen* Sep 22 2022 Deze masterproef handelt over het International Baccalaureate (IB) en is opgedeeld in drie onderdelen. In het vooronderzoek wordt onderzocht of de Vlaamse onderwijsbeleidsinstanties geïnformeerd zijn over het bestaan en de inhoud van het International Baccalaureate. Het IB is een onderwijsorganisatie die sinds 1968 onderwijsprogramma's met een sterke internationale insteek aanbiedt aan scholen. Vanuit de hypothese dat dit niet het geval is werden verschillende instanties bevraagd. Het antwoord leidde unaniem tot de conclusie dat het IB DP (Diploma Programme) weinig of niet gekend is in het onderwijslandschap in Vlaanderen. Er zijn momenteel zeven privéscholen in Vlaanderen die het IB DP aanbieden. In de analyse wordt een beeld gevormd van wat het IB (DP) inhoudt en wat een school moet doen om het IB DP te mogen aanbieden aan zijn leerlingen. Zowel informatie vanuit de IB organisatie en enkele Vlaamse IB scholen als vanuit internationale onderzoeken werd naast elkaar gelegd om na te gaan wat het IB inhoudt en hoe deze Vlaamse scholen het IB DP implementeren. De informatie voor deze analyse werd vergaard via mailings, interviews, officiële documenten van verschillende bronnen en wetenschappelijk onderzoek. In deze analyse worden de verwachtingen en de standaarden van het IB

beschreven. Er wordt een vergelijking gemaakt met hoe het er in de IB scholen, gevestigd in Vlaanderen, aan toe gaat. Deze analyse leidt tot enkele interessante bevindingen. De geïnterviewde Vlaamse IB coördinatoren beamen enerzijds de veelzijdigheid van het IB programma en geven informatie over de toepassing ervan. Anderzijds kunnen de zeven Vlaamse IB scholen een vertekend beeld geven van het IB DP gezien deze scholen allemaal private scholen zijn. Alle zeven vragen ze zeer hoge inschrijvingsgelden, waardoor eerder een specifiek publiek wordt aangetrokken. Dit terwijl in de analyse ook wordt aangetoond dat het IB niet streeft naar een welbepaald doelpubliek en eerder inclusief te werk wil gaan. Het IB is internationaal evenredig aanwezig in publieke scholen en private scholen. In de synthese wordt aangetoond op welke vlakken het IB DP interessant kan zijn in functie van de Vlaamse onderwijshervormingen. Dit is geen pleidooi ten voordele van het IB, maar eerder een vraag naar de overheid en aan de beleidsinstanties om hun ogen te openen en kennis te vergaren via bronnen en organisaties die veel expertise en ervaring bezitten.

*Oxford IB Diploma Programme: Mathematics Standard Level Course Companion* Jul 08 2021 With unrivalled guidance straight from the IB, over 700 pages of practice and the most comprehensive and correct syllabus coverage, this course book will set your learners up to excel.
