Shared Walls Dec 16 2021 The 1900 edition of Polk's Seattle City Directory listed four apartment buildings. By 1939, that number had grown to almost 1,400. This study explores the circumstances that prompted the explosive growth of this previously unknown form of housing in Seattle and takes an in-depth look at a large number of different apartment buildings, from the small and simple to the large and grand. Illustrated with numerous contemporary and vintage photographs and sketches, this volume preserves an intimate record of these under-studied and under-appreciated buildings and will inspire an appreciation for their history and architectural variety, and for their preservation as an integral part of Seattle's urban landscape.

Wolvenjacht Dec 28 2022 Harry Dresden is de enige tovenaer in Chicago met een vermelding in de Gouden Gids. Je zou verwachten dat hij zijn handen vol heeft aan klussen, maar er is geen werk voor Dresden, magisch of anderszins. Net als hij zelfs geen maaltijd meer kan betalen, vinden er moorden plaats die zijn bovennatuurlijke kennis vereisen: verscheurde lijken, vreemde pootafdrukken, volle maan... Al snel zit Dresden klem tussen schietgrage FBI-agenten, een bende gedaanteveranderaars, een bedreigde maffiabaas en de erfgenaam van een oeroude vloek en zijn verloofde.

American Political Discourse on China Jun 22 2022 Despite the U.S. and China's shared economic and political interests, distrust between the nations persists. How does the United States rhetorically navigate its relationship with China in the midst of continued distrust? This book pursues this question by rhetorically analyzing U.S. news and political discourse concerning the 2008 Beijing Olympic Games, the 2010 U.S. midterm elections, the 2012 U.S. presidential election, and the 2014-2015 Chinese cyber espionage controversy. It finds that memory frames of China as the yellow peril and the red menace have combined to construct China as a threatening red peril. Red peril characterizations revive and revise yellow peril tropes of China as a moral, political, economic and military threat by imbuing them with anti-communist ideology. Tracing the origins, functions, and implications of the red peril, this study illustrates how historical representations of the Chinese threat continue to limit understanding of U.S.-Sino relations by keeping the nations' relationship mired in the past.

The Great Adventures of Galaxy Protectors Apr 27 2020 Martina is just an ordinary eighteen year old girl—until Lord Dereck told her that she's the daughter of Lord Gannon and Lady Daisy. Now that she's a princess from the planet Serenity, she needs to fight off bounty hunters, recruit people from different planets, learn of her past, and defeat her evil uncle Dark Lord Dushton. With a help of her Uncle Xander, Aunt Pearl, her cousin David, her friends, and new recruits, they form into one team: the Galaxy Protectors.

Miller's Marine War Risks Jan 25 2020 Miller's Marine War Risks is the only book devoted to drawing together and analysing the insurance of commercial shipping against war risks. It merges analysis of the legal principles, case law, and legislation with the practice of the insurance market in order to provide commentary on difficult questions concerning liabilities, claims, and coverage. With global events becoming more uncertain in the Gulf and elsewhere, the updating of Michael Miller's classic text will be of great use to legal practitioners, the insurance market, and the shipping industry throughout the world.

Summary and Analysis of Peril by Bob Woodward Mar 02 2023 **DISCLAIMER:** This is NOT the original Bob Woodward's book. This is a SUMMARY of it written by Mark Greene, that allows you to quickly see all what's talked about in each chapter of the book, without compromising the quality. Donald Trump's refusal to entertain defeat in his re-appointment bid put the American majority rule government --flawed as it previously was -- in danger, and it stays there, The Washington Post's Bob Woodward and Robert Costa show in their new book. Through a progression of horrifying models in "Danger," the creators delineate key parts of Trump's danger to vote based system: his reluctance to acknowledge real difference, his detachment to law and his faith in strength as the wellspring of force, and his purpose to include everybody in his plans and assault them on the off chance that they stood up to. However, the risk Trump presented during the fading a long time of his administration is just a large portion of the tale of "Hazard." Even if you know the blueprints, the subtleties -- a considerable lot of which have as of now discovered their direction into the press -- develop one's feeling of how genuine, even worldwide, that peril was and how completely Republicans empowered it. The other portion of the book is a record of Joe Biden's mission and early administration, and as the writers shift between accounts, the peruser should deal with fiercely contrasting real factors. In one, Trump is the focal point of gravity; everybody pursues him; nothing matters except the extent that it satisfies his mental necessities. On the other, Biden is a driven legislator driving a group of committed local officials attempting to alleviate the Covid pandemic and its financial impacts, trying by sheer capability and energy to move the country past Trumpism. In this summary of the scandalous book by Bob Woodward, Mark Greene brings you a detailed easy-to-digest rundown of everything you need to know so as to decide on whether to commit to reading the original book itself or not. And as always, you can be sure of an awesome reading experience. What are you waiting for? Click that BUY button right away

Shades of Sin Sep 01 2020 Traditionalists postulate an all-loving, all-powerful God who has revealed Himself in His inspired, inerrant Word. Since His Word speaks of hell, questions about hell in the final analysis are not philosophical but hermeneutical. Bible interpretation, properly done, provides ready answers for such life-and-death debates. We should not practice eisegesis, reading into the text what our philosophical penchant may be, but exegesis, getting out of the biblical text what the original author put in. Understanding the following elements will allay any fears of God being unjust when consigning unrepentant sinners to hell: 1. the duration of life 2. the definition of death 3. the description of hell Non-traditionalists claim God is neither just nor loving if He tortures everyone in hell forever regardless of the life they lived. They are offended by such an idea and believe God is too. Rather than jettison the doctrine of eternal punishment at the expense of biblical fidelity the author inserts into the debate an idea that undergirds God's justice while maintaining the traditional doctrine of hell. Hofer rejects the notion victims at Auschwitz suffer the same fate as the madman who dispatched them there. That is offensive to God.

Rebuild World: Volume 1 Part 1 Jul 31 2020 The pinnacle of human civilization has come and gone, leaving only ruins in its wake. Society and science now struggle to rebuild, rediscovering scraps of knowledge from powerful ancient artifacts that defy comprehension. These relics of the "Old World" can make the fortunes of those who find them—if ancient security systems and rogue bioweapons don't kill the relic hunters first. Akira, a young street orphan, sets out to become one such hunter to escape his brutal life in the slums. Untrained, malnourished, and poorly armed, Akira would be lucky to make it back from the ruins alive—until an encounter with Alpha, a mysterious, ghostly woman, changes his fate forever. Alpha needs a hunter, and she's willing to train Akira to get one. Will her support be enough to help a penniless kid from the slums climb to the top of a crushing and merciless world?

The books are available in print, as well as ebooks. DigiCat hopes you will treat this work with the acknowledgment and passion it deserves as a classic of world literature.

Air Raids on South-West Essex in the Great War Nov 22 2019 A quarter of a century before the Blitz of 1940, the inhabitants of south-west Essex were terrorized by an earlier aerial menace. Over the course of four years, German Zeppelins, Gothas and Giants flew above their homes, unleashing hundreds of highly explosive and incendiary bombs on London. During three of these raids, bombs were dropped on Leyton and many others landed elsewhere in south-west Essex. These early air raids are now largely forgotten in local memory, but for the inhabitants of the time the attacks were unprecedented, unexpected and lethal. In the years since the Great War a great deal of literature has been published on London's first air raids and about the defence network that evolved around the metropolis, but what happened in the capital's eastern suburbs and the nearby Essex countryside has received less coverage. This meticulously researched and insightful book attempts to put that right, looking at the area which, in 1914, was part of south-west Essex, but now comprises the London boroughs of Waltham Forest, Redbridge, Havering, Newham, and Barking and Dagenham. Focussing in particular on Leyton and Ilford, this is the first book to ever examine what happened before and after the raiders reached and bombarded the capital. The author has included a wide range of contemporary letters, diaries and newspaper reports from local sources, plus several previously unseen photographs. To set the story in its wider context, the book also contains a wealth of information about the defence of the London area generally and vivid reports from combatants on both sides.

Negotiating Patriarchy and Gender in Africa Apr 08 2021 This book examines the entrenchment of patriarchy in Africa and its attendant socioeconomic and political consequences on gender relations. Using both historical and modern examples, contributors analyze the ways women have been systematically marginalized in African societies and call for improved policy implementation on gender issues in Africa.

Thru the Bible with J. Vernon McGee: 1 Corinthians-Revelation Feb 24 2020

Promise Or Peril? Sep 13 2021

The Planet of Peril, The Prince of Peril & The Port of Peril Jan 29 2023 The Planet of Peril tells the story of Robert Grandon, a restless young man who gets kidnapped by a mysterious scientist Dr. Morgan and finds himself transported to the planet Venus in the distant past in the body of a Venusian prince who has been enslaved by a beautiful and tyrannous Empress. After he manages to escape, Grandon starts his rise to leadership of an army of rebels. The Prince of Peril – Using his secret method Dr. Morgan projects a young Martian's astral body into a certain Harry Thorne on Earth, who then gets transported to an ancient Venus. He arrives there in the body of Prince Zinlo of Olba, and he is soon forced to escape assassination, since an ambitious noble is killing off the Royals in a bid to seize the throne. With the help of the fellow interplanetary traveler Vorn Vangal he gets to know the planet and the rules of it. The Port of Peril – Robert Grandon and his Venusian wife Vernia, empress of Reabon were about to start their honeymoon when the terrible yellow pirates, lead by Huitsenni, kidnapped Vernia and took her to their hidden port. Grandon goes on a quest to save her, a quest that will put him on challenges, and against enemies beyond everything he had come across before. Otis Adelbert Kline was an adventure and science-fiction novelist, best known for his interplanetary adventure novels set on Venus and Mars, which instantly became science-fiction classics.

The Sasha McCandless Series: Volume 4 (Books 8-10.5) Oct 02 2020 Now available in one volume, four fast-paced, suspense-packed legal thrillers in the USA TODAY bestselling Sasha McCandless series! Informed Consent (Book 8): When Leo finds the father he never knew and Sasha represents assisted living facility residents who've been the unwitting subjects of medical research, they must each decide what they're willing to risk in the name of family. International Incident (Book 9): Sasha and Leo take an adults-only cruise for some much-needed R&R. Once the ship's in international waters, Sasha sees something she shouldn't have and they find themselves in serious danger. Outside the jurisdiction of organized law enforcement, they're forced to take matters into their own hands. Imminent Peril (Book 10): When Sasha pummels a harasser during an altercation in a bar, she's sentenced to an anger management diversion program and discovers a cover-up with deadly implications. The Humble Salve (Novella 4; Book 10.5): When an old enemy and an old friend both come back into the picture, Sasha learns whether she has the capacity to forgive and forget.

Promise and Peril Nov 27 2022 Congregations cannot exist without finances, priorities, leadership, worship, and decision making, yet these five aspects breed the most conflict between church members and clergy. These conflicts unfortunately tend to bring about the most negative consequences: drops in giving, resignation of leaders, and, perhaps most pointedly, loss of members. The importance of congregations and their effect on our lives is clear, yet what is less clear is what makes conflicts in faith communities inevitable. In *Promise and Peril: Understanding and Managing Change and Conflict in Congregations*, David Brubaker brings the tools of organizational theory and research to the task of understanding the deeper dynamics of congregational conflict. With a doctorate in sociology and more than twenty years working with congregational conflicts, Brubaker helps to explore the causes and effects of conflicts on a wide range of congregations. This book will help congregations avoid the pitfalls of conflict and instead head toward a healthy relationship between and among church staff and members.

Introduction to Ratemaking and Loss Reserving for Property and Casualty Insurance Dec 04 2020

The Hype Machine: How Social Media Disrupts Our Elections, Our Economy and Our Health – and How We Must Adapt Mar 27 2020 NAMED ONE OF THE BEST BOOKS OF THE YEAR BY WIRED In this brilliant smart-thinking book about the power and influence of social media, Professor Sinan Aral shows how 'hyper-socialization' has profoundly changed us.

The Doorway of Possibilities Aug 12 2021 Ali's new definition of normal may include navigating outrageous apartment decor, placating genies demanding her attention while she pretends not to notice how alluring they can be, and ignoring the terrifying shadow genie who avoids her as much as she avoids him. But none of that will stop her dream of obtaining her engineering degree. Come genies, wizards, or crazed ex-masters, she's determined to remain on her chosen path. Too bad Tavor can't take a hint. He's reached a dead end in his search for gaining freedom for genie kind, leaving him only one place left to turn: The Society's Archives. The ancient, deadly building is full of magic even Tavor can't tame—and is their only hope of learning the information they seek. Despite Tavor's promise to allow Ali to return her focus to school, the genies must solicit her help once again. Why? Only the shadow genie can infiltrate the Archives—which means bringing Ali along to control him. Can she put her terror of the dark genie aside in order to help her friends and roommates find freedom? This series is the equivalent of a mild T or pg-13 rating for some violence and romantic situations.

Space Debris Peril Oct 26 2022 "This book provides up-to-date knowledge of space debris and valuable insights on how to grapple with this issue from legal, technical, economical and societal aspects. I would strongly recommend that everyone who is working on space development and utilizations and even non-specialists once read this book and think over how human being should be faced with this issue." –Prof. Shinichi Nakasuka, University of Tokyo, Japan Space Debris Peril: Pathways to Opportunities takes readers through the wide spectrum of problems created by space debris – including technical, political, legal and socio-economical aspects – and suggests ways to mitigate its negative consequences and create new opportunities. With chapter contributions from authors at world-renowned universities, private or public entities, and research institutes active in the field of space debris mitigation, space policy and law, risk and resilience, liability and insurance, this book provides a comprehensive introduction to the subject helping the reader to grasp the whole picture of the current space debris remediation challenges. This book will be of interest to the scientific communities, policy makers, business developers, (re)insurers and international standards developers for space operations and orbital debris mitigation. Also, it should appeal to a broader audience among non-specialists in various sectors and the general public. Key features: Brings together interdisciplinary perspectives on the topic in one, cohesive book Chapter contributions from specialists in this interdisciplinary field from around the globe Up-to-date information with the latest developments *The Collected Works* Oct 14 2021 Otis Adelbert Kline was an adventure and science-fiction novelist, best known for his interplanetary adventure novels set on Venus and Mars, which instantly became science-fiction classics. This edition includes: Writing the Fantastic Story The Venus Trilogy The Planet of Peril The Prince of Peril The Port of Peril The Mars Series The Swordsman of Mars The Outlaws of Mars Other Tales Maza of the Moon The Man from the Moon A Vision of Venus

Borne Aug 24 2022 In de ruïnes van een stad, verwoest door droogte en oorlog, probeert een jonge vrouw te overleven. De stad zucht onder het tirannieke bewind van een gigantische moordzuchtige beer, het resultaat van bizarre experimenten door een mysterieus biotechbedrijf. De jonge vrouw, Rachel, vindt op een dag een vreemd diertje in de vacht van de beer. Ze noemt het Borne en neemt het mee naar huis. Het is onduidelijk of Borne een plant of een dier is, maar het wezentje oefent een onweerstaanbare aantrekkingskracht uit. Het groeit en ontwikkelt zich, leert spreken, en wordt nieuwsgierig naar de buitenwereld. Rachel is ontroerd door zoiets onschuldigs, een teken van schoonheid in een ellendig bestaan. Maar niets is wat het lijkt. De aanwezigheid van Borne zal de vergeten en verloren geheimen van de stad blootleggen en daarmee Rachels leven voor altijd veranderen.

Understanding Supervision and Assessment in Nursing Nov 03 2020 A practical guide for registered nurses in all fields, who are planning to undertake one of the new supervisor or assessor roles outlined in the latest NMC standards. The book helps nurses prepare for the role of practice supervisor, practice assessor or academic assessor, by outlining what is expected in each of the roles, in accordance with the 2018 NMC standards, and explaining which competencies are needed to ensure success in the new supervisory and academic positions. These competencies include: · Understanding how students learn · Understanding how to empower nurses and why this is important · Learning to utilise student feedback to enhance your own development · Identifying the importance of including the participation of service users in nursing governance and quality · Ensuring compliance with all legal, regulatory, professional and educational requirements. It will also be useful for experienced NMC mentors and practitioners looking to update their skills for the new NMC Educational Framework.

Baron Suematsu in Europe during the Russo-Japanese War (1904-5) His Battle with Yellow Peril Jul 11 2021 A companion volume to 'Baron Kaneko and the Russo-Japanese War' (Lulu.com, 2009), this book relates the story of Baron Suematsu's one-man campaign in Europe using the spoken and written word against the dangerous bogey of Yellow Peril which fueled European paranoia about China and Japan and their presumed sinister intentions of world domination. Kaneko and Suematsu had similar missions, though Kaneko who was sent to the United States was also tasked with persuading President Theodore Roosevelt to broker a peace settlement while Suematsu was more directly involved in the fight against Yellow Peril which originated in Europe. Kaneko was a lawyer with a knowledge of economics, while Suematsu was a historian with a literary bent. Both men were also politicians and close to the Meiji oligarch Ito Hirobumi. They were the two prongs of Japan's first ever public diplomacy initiative, and both succeeded to a considerable degree.

The Collaborative Habit Oct 22 2019 In a career that has spanned four decades, choreographer Twyla Tharp has collaborated with great musicians, designers, thousands of dancers, and almost a hundred companies. She's experienced the thrill of shared achievement and has seen what happens when group efforts fizzle. Her professional life has been -- and continues to be -- one collaboration after another. In this practical sequel to her national bestseller *The Creative Habit*, Tharp explains why collaboration is important to her -- and can be for you. She shows how to recognize good candidates for partnership and how to build one successfully, and analyzes dysfunctional collaborations. And although this isn't a book that promises to help you deepen your romantic life, she suggests that the lessons you learn by working together professionally can help you in your personal relationships. These lessons about planning, listening, organizing, troubleshooting, and using your talents and those of your coworkers to the fullest are not limited to the arts; they are the building blocks of working with others, like if you're stuck in a 9-to-5 job and have an unhelpful boss. Tharp sees collaboration as a daily practice, and her book is rich in examples from her career. Starting as a twelve-year-old teaching dance to her brothers in a small town in California and moving through her work as a fledgling choreographer in New York, she learns lessons that have enriched her collaborations with Billy Joel, Jerome Robbins, Mikhail Baryshnikov, Bob Dylan, Elvis Costello, David Byrne, Richard Avedon, Milos Forman, Norma Kamali, and Frank Sinatra. Among the surprising and inspiring points Tharp makes in *The Collaborative Habit*: -Nothing forces change more dramatically than a new partnership. -In a good collaboration, differences between partners mean that one plus one will always equal more than two. A good collaborator is easier to find than a good friend. If you've got a true friendship, you want to protect that. To work together is to risk it. -Everyone who uses e-mail is a virtual collaborator. -Getting involved with your collaborator's problems may distract you from your own, but it usually leads to disaster. -When you have history, you have ghosts. If you're returning to an old collaboration, begin at the beginning. No evocation of old problems and old solutions. -Tharp's conclusion: What we can learn about working creatively and in harmony can trans- form our lives, and our world. **SPACE ADVENTURES Boxed Set – 8 Novels in One Volume** Apr 20 2022 This carefully crafted ebook: "SPACE ADVENTURES Boxed Set – 8 Novels in One Volume" is formatted for your eReader with a functional and detailed table of contents: Otis Adelbert Kline was an adventure and science-fiction novelist, best known for his interplanetary adventure novels set on Venus and Mars, which instantly became science-fiction classics. P staat voor Pijngrens Sep 25 2022 Dr. Dowan Purcell is al bijna twee maanden spoorloos. De negenzestigjarige arts heeft zijn collega's bij het Pacific Meadows verzorgingstehuis gedag gezegd en is met zijn auto naar huis gegaan, maar daar is hij nooit aangekomen. Zijn verbitterde eerste vrouw Fiona is ervan overtuigd dat hij nog in leven is. Maar zijn tweede vrouw, Crystal, een voormalig stripper van negenentwintig, weet zeker dat hij dood is. Daarom huurt Fiona Kinsey Millhone in om het uit te zoeken. Al snel ontdekt Kinsey dat Purcell betrokken was bij allerlei duistere zaken. Verzekeringsfraude is slechts een draadje in het web van bedrog en dubbelspel waar Kinsey in terecht komt. En dan is er ook nog Tommy Hevener, een aantrekkelijke roodharige twintiger die zijn zinnen heeft gezet op Kinsey. Een man met een interessant verleden...

Insurance Law in the United Kingdom Jan 05 2021 Derived from the renowned multi-volume International Encyclopaedia of Laws, this book provides valuable practical insight into both public supervisory legislation concerning insurance and private insurance contract law in the United Kingdom. An informative general introduction surveying the legal, political, financial, and commercial background and surroundings of insurance provides a sound foundation for the specific detail that follows. The book covers all essential aspects of the law and regulation governing insurance policies and instruments. Its detailed exposition includes examination of the form of the insurance company and its reserves and investments; the insurance contract; the legal aspects of the various branches of property and liability insurance; motor vehicle insurance schemes; life insurance, health insurance, and workmen's compensation schemes; reinsurance, co-insurance, and pooling; taxation of insurance; and risk management and prevention. Succinct yet eminently practical, the book will be a valuable resource for lawyers handling cases affecting the United Kingdom. It will be of practical utility to those both in public service and private practice called on to develop and to apply the laws of insurance, and of special interest as a contribution to the much-needed harmonization of insurance law.

The Flash Gordon Serials, 1936-1940 Nov 15 2021 Flash Gordon, Flash Gordon's Trip to Mars and Flash Gordon Conquers the Universe, the most expensive and popular movie serials ever made, have been favorites of movie and comic fans for decades. The original 1936 serial, designated a cultural treasure, was selected for inclusion in the National Film Registry in 1996. Arranged in a chapter-by-chapter format conforming to the structure of the three original serials, the work provides full cast and crew information, plot synopses, and production notes for all 40 episodes. The work also has a wealth of background information and 159 photographs, along with comments from cast members interviewed—Buster Crabbe, Jean Rogers, and Carroll Borland. Appendices provide an overview of the serial Buck Rogers (1939), select filmographies for 50 of the most prominent Flash Gordon cast and crew, and a complete list of the serials' film and television remakes.

Titanic and Liverpool May 09 2021 If you had been behind the Titanic on that fateful night in 1912, the last word that flashed before your eyes as the great ship was lost to the sea would have been 'Liverpool'. The ship's loss, a national and international tragedy, was also a tragedy for its home port and this fascinating book explores the history and myths surrounding the sinking, highlighting for the first time new and extraordinary stories that link Europe's pre-eminent port and its most famous maritime loss. Using material from the White Star line archives, the extensive holdings of the Merseyside Maritime Museum, new illustrations and a variety of historical sources, Scarth unearths the full back story of key characters and companies: many of her key officers and crew were either from Liverpool or had strong links with the port, the ship's owners were based in the City, many of the most colourful tales emerging from the disaster relate to Liverpool people and here, where appropriate, we find out what happened to them after the sinking. Titanic and Liverpool will be compulsory reading for anyone interested in the Titanic and also for anyone hoping to understand Liverpool's role as the great processing port of Europe and gateway to the US and Canada.

The Hidden Universe Jun 29 2020 We don't know what we've got until it's gone... This brief, lucid book by the Director of Science at Royal Botanical Gardens takes you on an unforgettable tour of the natural world, showing how biodiversity - the rich variety of life in the world and in our own backyards - provides both the source and the salvation of our existence. Combining inspiration stories and the latest scientific research, Alex Antonelli reveals the wonders of biodiversity at a genetic, species and ecosystem level - what it is, how it works, and why it's the most important tool in our battle against climate change. A deeper understanding of biodiversity has never been more important, as the slow violence of habitat loss has put the fate of almost one-fifth of all species on Earth at risk of extinction in the coming decades. These building blocks of life form a network that underpins almost every aspect of our lives, providing invaluable sources of food, medicine, fibre, clothing, building material and more. With simplicity and clarity, *The Hidden Universe* shows you not only what's at stake, but what can be done (and is already being done) to protect and restore biodiversity around the world. It marks the arrival of a bold new voice in popular science.

English for the Insurance Industry Mar 07 2021 "English for the Insurance Industry" wendet sich an diejenigen, die ihren berufsspezifischen Englischwortschatz auffrischen, erweitern oder verbessern wollen. Alle Themengebiete beziehen sich ausschließlich auf die Versicherungswirtschaft. Dieses Lehrbuch für Fortgeschrittene beinhaltet einen breiten Kommunikationsbaukasten zum Aufbau englischer Sprachkompetenz, der Lernende erarbeitet sich Schritt für Schritt einen fundierten Wortschatz zu den zentralen Fragestellungen des Versicherungswesens. An vielen Stellen wurden Verbesserungen und Neuerungen gegenüber der ersten Auflage vorgenommen : - Versicherungsfachliche Texte erklären die inhaltlichen Zusammenhänge des Schwerpunktthemas eines jeden Kapitels mit Fachvokabeln, Redewendungen und mehr. - Wortschatzübungen und grammatikalische Übungen erleichtern das Einprägen des Gelernten. - Kommunikationsübungen als Kernelement unseres Lehrbuchs bieten Dialogtexte, Rollenspiele und schriftliche Übungen - Hinweise zur systematischen Vorbereitung und Durchführung von Kommunikationsübungen finden Sie ebenso. - 19 Seiten "Vocabulary" bieten eine wertvolle Nachschlagequelle für versicherungsfachliche Begriffe. Einzelne Elemente und Lektionen können unabhängig voneinander genutzt, die Texte unabhängig von den Übungen eingesetzt werden. Dadurch besteht für Lernende die Möglichkeit, Stoffumfang und eigenen Lernfortschritt flexibel zu variieren. Das Buch bietet eine Fülle von Einsatzmöglichkeiten für den Umgang mit Versicherungsthemen in englischer Sprache für fortgeschrittene Auszubildende, Qualifizierungsverantwortliche, Mitarbeiter einer Fachabteilung oder in Geschäftsbeziehungen mit dem Ausland stehende Personen.
