Working in the Middle East: An American Woman's Story Jul 11 2021 Presenting the firsthand account of an American woman working several jobs in Egypt over a four-year period, this book analyzes the cross-cultural business environment between the United States and the Middle East and North Africa. It provides recommendations to enable anyone—male or female—to successfully navigate commercial activities in the region. • Supplies the first-hand accounts of someone who worked for four years in Egypt at several jobs—including founding her own company—regarding the cross-cultural business issues that arise in the Middle East and North Africa • Offers detailed information based on real-world experience that is not found in academic studies of the subject and is highly useful to practitioners, e.g., business women • Provides knowledge that will be valuable and applicable to entrepreneurs and employees being sent overseas by their companies as part of their global leadership development program, not just women • Addresses sensitive subject matter—topics about which real information is hard to find—such as how to handle sexual harassment in a country that does not follow rule of law in the same way as the United States

World Development Indicators 2011 Dec 16 2021 'World Development Indicators' (WDI) is the World Bank's annual compilation of data about development. This statistical work allows readers to consult over 800 indicators for more than 150 economies and 14 country groups in more than 90 tables. It provides a current overview of regional data and income group analysis in six thematic sections - World View, People, Environment, Economy, States and Markets, and Global Links. This book presents current and accurate development data on both a national level and aggregated globally. It allows readers to monitor the progress made toward meeting the Millennium Development Goals endorsed by the United Nations and its member countries, the World Bank, and a host of partner organizations. These goals, which focus on development and the elimination of poverty, serve as the agenda for international development efforts. The CD-ROM contains time series data for more than 200 economies from 1960-2009, single-year observations, and spreadsheets on many topics. It contains more than 1,000 country tables and the text from the 'WDI 2010' print edition. The Windows based format permits users to search for and retrieve data in spreadsheet form, create maps and charts, and fully download them into other software programs for study or presentation purposes.
