It recognizes an essential key to the problem: students who struggle with the IELTS have problems mastering English. Hence, while other IELTS books teach strategies with long wordy explanations that hardly make sense to the average student, Top the IELTS focuses on teaching students in the most intuitive way possible: examples. Each unit is systematically broken down to make it simple for any student to Top the IELTS. First, "Simple Steps" are condensed at the outset for easy reference. audio online. This volume reports research that informs the development of reading and listening assessment in IELTS. This volume brings together a set of eight IELTS-related research studies - four on reading and four on listening - conducted between 2005 and 2010. Findings from these studies provide valuable evidence on the validity, reliability, impact and practicality of the IELTS test; they are also instrumental in highlighting aspects needing attention, and thus directly inform the continuing evolution of the IELTS reading and listening tests. The volume reviews and comments on the specific contribution of each study to the ongoing process of IELTS reading and listening test design and development. Thank you for your interest in IELTS Speaking Practice Tests Questions Sets. This ebook contains 10 speaking practice tests based on real questions asked in the academic and general exams. You'll be able to use these practice tests to prepare for the real test. This

series of ebooks is for students needing to increase their band score for permanent residency, university entrance and visa approval. You can ask your tutors, teachers, friends and family to read the questions to you and you can practise answering them. Or, if you have an ebook app that can read aloud to you, you can set it to ask you the questions. These questions have been created after many discussions with IELTS examiners, IELTS teachers and especially IELTS students who have described the sort of questions they get in the real IELTS exams. Through practising answering these questions, and other questions in the series, you'll be able to become more familiar with the types of questions asked in tests and be better able to respond confidently. Many IELTS experts suggest that you begin practicing for the IELTS exam at least 6 months in advance. That means, to get band 7 or even higher, you might need to do at least 180 practice tests! We recommend you add IELTS Practice Tests

Questions Sets to your collection, and begin practicing answering difficult questions in English as soon as possible.

Wishing you all the best in your exams. -- IELTS Speaking

Learning different words becomes essential when someone wants to have mastery over the language, other than one's mother tongue. Specifically, the students who are appearing for IELTS, DUOLINGO, TOEFL, CAE, OET or PTE must know the common and uncommon words of the English language, as a certain percentage of grading depends on the appropriate usage of the lexical resource. As all the words of the English language may be difficult to learn, it is imperative to learn at least 800-1000 words which are important to communicate in the English language. Keeping in view the levels of common students, in the first section, some of the common and uncommon words are presented in different parts with usage and examples to enhance the spelling power and lexical resource of the students. Besides, We usually learn our mother tongue just

by listening to others and sometimes by just imitating others' speaking styles. It is a fact that nobody learns the grammar of his native language. However, to learn any language other than the native language, we need to know the basics of the grammar of that particular language, which we want to learn. Learning the basics of any language becomes essential when someone wants to have mastery over the language. Specifically, the students who are appearing for IELTS, TOEFL, CAE or PTE must know the basics of the English language as a certain percentage of grading depends on the actual usage of grammar. As the whole grammar may be difficult to learn, it is imperative to learn at least the parts of speech, which are important to learn to write and speak correct sentences of the English language. There are eight parts of speech like 1. Noun, 2. Pronoun, 3. Verb, 4. Adverb, 5. Adjective, 6. Preposition, 7. Conjunction, 8. Interjection,

but in certain English-speaking countries, nine parts of speech are considered as they include the article as the ninth part. In this book, nine parts of speech, their usage with examples and worksheets with answers for practice are explained systematically. Finally, this book explains how the rules of the basic grammar are used for making sentences of daily and academic use IELTS TECH - Speaking Essentials is the fifth and the last book in the IELTS-Tech Series and will effectively serve the purpose of both the Academic and General Candidate, particularly those appearing for the Interview Sessions to learn the technique of facing Interviews and Interacting with the Interviewee in the IELTS (The International English Language Testing System Examinations).
