Christian Sacred Music in the Americas explores the richness of Christian musical traditions and reflects the distinctive critical perspectives of the Society for Christian Scholarship in Music. This volume, edited by Andrew Shenton and Joanna Smolko, is a follow-up to SCSM's Exploring Christian Song and offers a cross-section of the most current and outstanding scholarship from an international array of writers. The essays survey a broad geographical area and demonstrate the enormous diversity of music-making and scholarship within that area. Contributors utilize interdisciplinary methodologies including media studies, cultural studies, theological studies, and different analytical and ethnographical approaches to music. While there are some studies that focus on a single country, musical figure, or region, this is the first collection to represent the vast range of sacred music in the Americas and the different approaches to studying them in context. The majority of Americans have looked on in some combination of horror and befuddlement as many white Christians, particularly evangelicals, have revealed beliefs and opinions seemingly antithetical to the Christian faith, whether holding racist attitudes, supporting conspiracy theories, aligning with nationalistic and authoritarian movements, or becoming hostile toward the different and marginalized. Dr. Dave Verhaagen, a nationally board-certified psychologist and author, tackles the challenge of explaining the psychology behind what has become the unique mind of the modern white Christian. Each chapter explores one or more robust psychological principles that help make sense of why white Christians think like they do. This book presents a masterful understanding of the times and seasons of God and how we can partner with Him to see the Third and Final Church Reformation and the last Great Awakening sweep the earth. This masterpiece will mobilize a passionate church to bring kingdom transformation everywhere we go. Jane Hamon The world has entered a new era the last of the Last Days. Over a lifetime of searching and prophetic scholarship, Dr. Hamon has received profound revelation regarding end-times events and God's purposes for His Bride, the Church. In this captivating work, Dr. Hamon offers revelatory insight for many complex questions regarding the Last Days. In this book you will find your personal role in the final move of God. Learn of Kingdom rewards, offered all those who overcome through the power of Jesus. Discover the connection between historic moves of God and the Church today. Become demonstrators and enforcers of the Kingdom of God. Witness Kingdom values infiltrating every aspect of human society. This is a must-read for anyone who wants to understand the DNA of the Lord Jesus Christ that is flowing through their blood, and how He gathers us to rule in the season to come. Chuck D. Pierce God is preparing a spiritual tsunami to sweep the nations and reclaim our culture for Christ, says author Jonny Enlow. He describes seven culture-shaping areas of influence over each society—media, government, education, economy, family, religion, and celebration (arts and entertainment)—that are the keys to taking a nation for the kingdom of God. The purpose of this book is to draw the church's attention to these areas; help each individual determine his or her specific assignment in this mission; and then to offer insight into the nature of the battles involved in this "spiritual tsunami," as the author calls it. Many Christians do not grasp that God's favor for us to succeed is already upon us and is part of His end-time strategy to establish Jesus as Ruler of the Nations before His return. Readers will come to understand that this favor is divinely strategic and corresponds to the place of each person's ministry assignment. Many have a spiritual poverty vision and poor eschatology, two factors that have robbed us of our blessing and caused us to fail to reclaim cultural influences for Christ. The book is laid out to address these two misunderstandings, with the first several chapters specifically aimed at correcting lack of vision and misguided understanding of the end times. Each chapter that follows provides intensive, detailed study of each "mountain" of influence, how it will be taken and by whom, and what resistance will be encountered by individuals assigned to claim this mountain. Instead of giving a detailed description we have let our critics have their say..enjoy their comments and choose for yourself..Reformation of the Nations is a radical sometimes confrontational look at the Church and what we as Christian believers need to be doing to advance the kingdom of God in our sphere of influence. Bless you as you read through. Dr Sharon Stone - European Apostle for Christian International Ministries - United Kingdom If we want the Glory of God to cover the earth as the waters cover the seas. If we desire to see the advance of the Kingdom of God we need Reformation in our Nations. This book helps us adopt the Seven Mountain Mandate through effecting society with the right mind set and spiritual responsibility. "Reformation of the Nations" gives us biblical examples of those who have changed their world and challenges us to be world changers also. Rev.Dr.Alfred Ansong Bimpong - Tower of Faith Ministries London United Kingdom Reformation has been on Doug and Rhona Bailey's heart for years. As long as I have known them, practically it seems to be the subject we either start or end with whatever we find ourselves talking about even if the issue is about "flowers." I am not surprised they have come out with this simple, easy to read and understandable yet compelling manual. What has touched my heart since reading the script and impressed on my heart is strategies. This is because I believe strategy is a managerial instrument and especially as governmental people, ensures that we play an integral part of God's ongoing Kingdom and reformation. For us to perform our duties in the best possible manner in accordance with the will expressed by God we need to understand strategies and I enjoyed reading it in the manual. I believe this manual will bless and open the eyes of many in the Kingdom. I highly recommend it! Karl-Heinz Drescher - Chayah Ministries - Germany I read through the book "Reformation of the Nations," you have done a great job ! I find it very detailed, one can draw deeply out of the study you made in order to describe what are the key areas wherein we need to change. First of all to see the need for a reformation to get a clear picture and view for the Kingdom of God, secondly to have the right mindset in order to see change manifested in our personal lives (family, relationships), before we can effect our environment (workplace, marketplace). We have to take a stand to get back the ground, occupy, guard and rule over it, that we lost through ignorance on the 7 mountains of society. Indeed the biblical examples that you listed are great for us as believers to see how God changed first the lives, then the environment in old testament times through staying in the word, living the word, speaking out the word of God. Our life we live must fit our confession. Just as Martin Luther said it: sola scriptura, sola gratia- The Word alone is the plumbline for our lives with God . Its only grace that enables us to do the work of God's Kingdom. Thank you for being faithful in doing a

work that will help the true church to advance in their understanding the necessity for Reformation. God bless you. Agnes M Archibald (Sociologist/Social Psychologist, B.Sc.; M.Sc.; M. Sc.) Republic of Trinidad & Tobago This manual is more than just a "how to do" guide. It uses the Observational Learning principles by clearly depicting well known and well loved models, who reformed their nations and advanced the Kingdom. It details their guiding principles, methods and the benefits derived. The manual makes Kingdom Advancement an attractive and achievable goal for the committed believer. I highly recommend this manual for individuals and groups whose heart's desire is to see God's kingdom come and His will be done in their spheres of influence. This is a great description of what salvation is and is not. Reformation through networking with key leaders coming to a central HUB for resources found in fellow-laborers, church leaders and city leaders for maximum effectiveness. The church should affect and be involved in the 7 mountains of influence--Family, Religion, Government, Business, Education, Arts & Entertainment and Media. You Can Be a Part of God's Great Release of Wealth! The Bible proclaims a coming day when God will release a great transfer of the world's wealth into the hands of His people. Why would God divert the world's wealth in such a manner? Wouldn't such an enterprise be driven by greed or the evil spirit of mammon? Or might there be a higher purpose? Revered author C. Peter Wagner delves deeply into this amazing prophecy, showing how God will bring about a miraculous, worldwide financial transformation so that the Great Commission will be fulfilled and His kingdom will be established on earth. And these things will be witnessed by this generation! With great wisdom and clarity. Wagner describes... The proper uses of this wealth The mechanism of its distribution The goals it is intended to achieve How the newly financed church will use its "seven mountains of influence" to change the world God is poised to shake the world's financial foundations to their core. All Bible-believing Christians need to take steps to be prepared, for they will be the ones God uses to receive this blessing, influence the world, and help to fulfill Jesus's Great Commission. When loving you is no longer an option, and those around you can't love you either, it seems like the end; the end of life, the end of self respect, the end of ever becoming what you always believed you could. Growing up in a world full of lust, addiction, rape, and self-hate; it was only time before Khalilah would come to the end of herself and start living her destiny Is there a new reformation happening in the church? It depends on who you ask. The New Apostolic Reformation (NAR) is a popular and fast-growing new movement of Christians who emphasize signs and wonders, and teach that God is giving new revelation through new apostles and prophets. But is this biblical Christianity? In Counterfeit Kingdom, apologists and NAR experts Holly Pivec and Douglas Geivett show how the NAR's key tenets distort the gospel, twist the Scriptures, are influenced by New Age practices, and lead faithful Christians to shipwreck their faith. They also offer practical suggestions for readers who are already influenced by the NAR, curious about it, or concerned about loved ones who have been swept up in the movement. What used to be on the fringes of the church is now mainstream, and many are being influenced by it unaware. This book is a wake-up call. There is a deceptive movement to take over the government, courts, education system, media outlets, and American culture with stealth – and it's true. How is this possible? You were transformed to transform your world! For too long, Christianity has been defined by a false concept of church. As a result, believers have built walls around their lives, keeping culture at a distance. As Christians have tried to keep culture out of the church, unfortunately, the church has kept itself out of the culture. This was never Jesus' design for the your life! Before church was established as a place that people "came to," Jesus instituted it as an army that brought transformation to society, starting with salvation and continuing with seven spheres of influence: Church, family, education, government, media, arts, and commerce. Six revolutionary voices in the modern church deliver Invading Babylon. This essential guide will equip you to: Understand your vital role in shaping society. Release God's will in your sphere of influence. Become an unstoppable citizen in God's Kingdom. It's your time to arise and be a light in a dark world. Prayer is an important religious practice that is rarely studied from the perspective of politics – and yet it should be. Though some forms of Protestantism teach that prayer should be individual and private, this is an exception rather than a rule. In many other religions and cultures, the regulation of collective and public prayer cannot be separated from the complex world of politics. Where is prayer allowed, and where not? Who can participate, and who can't? How should you pray – and how shouldn't you? Prayer is subject to a host of both written and unwritten political rules. From the Pentecostal religious battle – where prayer is both sword and shield against the Satanic Other – to the relations between Islam and Christianity, prayer as spiritual warfare can be found cross-culturally and across the world. This book brings together case studies of the political salience of prayer in Nigeria, France, India, Russia, and the United States. It deals with Christian, Muslim, and Hindu practices. In a world where religious tensions are ever-present, it reminds us of the intensely political nature of prayer. This book was originally published as a special issue of the Journal of Religious and Political Practice. As you uncover thoughts and behaviors that hinder you from being your best self, you will learn to overcome them and guard the entrance ways to your heart and mind. By applying fundamental biblical practices, you will learn to live above your circumstances every day. Letting go of old thinking and ways of doing things will empower you to live the life you desire. By focusing on who God created you to be and what Jesus Christ has already done for you as a Christian, you will learn to be authentic and express yourself regardless of who is present. When you apply my breaking free process to your life, you will tap into God's blessing flow and live a purposeful, abundant life. Regardless of your family history or your past and current life experiences, God has a plan for your life, and it includes you being free from all harmful thoughts and living a life of continuous joy and peace that can be shared freely with others. Why, when traditionally organized religious groups are seeing declining membership and participation, are networks of independent churches growing so explosively? Drawing on in-depth interviews with leaders and participants, The Rise of Network Christianity explains the social forces behind the fastest-growing form of Christianity in the U.S., which Brad Christerson and Richard Flory have labeled "Independent Network Charismatic." This form of Christianity emphasizes aggressive engagement with the supernatural-including healing, direct prophecies from God, engaging in "spiritual warfare" against demonic spirits--and social transformation. Christerson and Flory argue that macro-level social changes since the 1970s, including globalization and the digital revolution, have given competitive advantages to religious groups organized as networks rather than traditionally organized congregations and denominations. Network forms of governance allow for experimentation with controversial supernatural practices, innovative finances and marketing, and a highly participatory, unorthodox, and experiential faith, which is attractive in today's unstable religious marketplace. Christerson and Flory hypothesize that as more religious groups imitate this type of governance, religious belief and practice will become more experimental, more orientated around practice than theology, more shaped by the individual religious "consumer," and authority will become more highly concentrated in the hands of individuals rather than institutions. Network Christianity, they argue, is the future of Christianity in America. "My people are destroyed for a lack of knowledge" (Hosea 4:6). The modern church is in grave danger. If you pay attention at all, this is easy to see. One of the reasons we are in grave danger is our lack of knowledge. The late Dr. R. C. Sproul once said, "Everyone is a theologian." The danger here lies in that if we do not have a correct understanding of God and his attributes, we will create an idol of who we would like God to be. Scripture tells us to love God with our whole minds. A study of church history and of theology will help us accomplish this. What you will find within the pages of this study is an emphasis on theology and doctrine as it was forced to become razor sharp due to people making God into the god they idolized. As you proceed through these chapters you will be faced with questions that will help you to learn how to think critically. You will learn many of the attributes of God. You will also learn Christology, soteriology, hermeneutics, apologetics, polemics, and a number of other tools to help guide you into who the biblical God truly is. This book presents a theological and missiological argument for pentecostals to engage more forcefully in higher education by expanding and renewing their commitment toward operating their own colleges and universities. The volume's first part describes past and present developments within higher education, highlighting strengths and weaknesses of both pentecostal and (post)secular institutions. The second part highlights the future potential of pentecostal higher education, which is enriched by a Spirit-empowered and mission-minded spirituality that focuses on forming the hearts, heads, and hands of students. Pentecostals increasingly desire to influence all spheres of society, an endeavor that could be amplified through a strengthened engagement in higher education, particularly one that encompasses a variety of institutions, including a pentecostal research university. In developing such an argument, this research is both comprehensive and compelling, inviting pentecostals to make a missional difference in the knowledge-based economies that will characterize the twenty-first century. The last decade has witnessed fundamental shifts in the relationship between religion and politics. In this light, religious symbols, motifs, justifications, and practices are increasingly

noticeable in political discourses, as well as agendas, particularly in the Global South, with Pentecostal Christians standing out as salient actors. Performative practices enacted in political contexts such as the anointing of state authorities, prophecies, warfare prayers, etc. have drawn the attention of numerous scholars worldwide. The four surveys contained in this volume account for these developments in Africa, Asia, and Latin America, and synoptically engage with the following question: Can any meaningful nexus connecting multiple and apparently isolated nodes of Pentecostal engagement in the political sphere around the globe be identified? In addition, they do the groundwork for drawing parallels on a global level, on the basis of which new light can be shed on fundamental changes in Pentecostal actorhood and self-understanding. Thus, local developments and ethnographic studies are for the first time reflected upon from a global perspective. When Hell Invades The Churches: An Expose of Redding Bethel and the New Apostolic Reformation reveals how the New Age has entered the church just as Dave Hunt warned in his seminal 1985 book, The Seduction of Christianity. Mr. Stunich has courageously exposed how New Age Temples like Bethel Church are masquerading as Christian churches and how a new breed of American entrepreneur, the pastorpreneur, is mixing business and faux Christianity in order to achieve great worldly success while leading millions of Christians dangerously astray and far from the narrow path that leads to salvation and into a new, experienced-based, contra-Scriptural religion masquerading as Christianity. Readers will be shocked to see how far Bethel has strayed from the truth yet still manages to deceive most of the world into believing that it is a Christian church. If you have any doubt that the great apostasy (falling away) predicted in 2 Thessalonians 2 is well underway, this book will dispel any doubts. This book peels back the curtain on the New Apostolic Reformation and lays bare how absurd its claims are that new apostles and prophets now guide the church while the movement spews out countless false prophecies and false claims of new revelations from God. But this book should be of equal interest to secular readers and all who wish to preserve the separation between church and state for this book exposes how a new form of faux Christianity seeks dominion over all human endeavors both public and private and in the process is causing both spiritual and temporal harm on a global scale. For readers of Democracy in Chains and Dark Money, a revelatory investigation of the Religious Right's rise to political power. For too long the Religious Right has masqueraded as a social movement preoccupied with a number of cultural issues, such as abortion and same-sex marriage. In her deeply reported investigation, Katherine Stewart reveals a disturbing truth: this is a political movement that seeks to gain power and to impose its vision on all of society. America's religious nationalists aren't just fighting a culture war, they are waging a political war on the norms and institutions of American democracy. Stewart pulls back the curtain on the inner workings and leading personalities of a movement that has turned religion into a tool for domination. She exposes a dense network of think tanks, advocacy groups, and pastoral organizations embedded in a rapidly expanding community of international alliances and united not by any central command but by a shared, anti-democratic vision and a common will to power. She follows the money that fuels this movement, tracing much of it to a cadre of super-wealthy, ultraconservative donors and family foundations. She shows that today's Christian nationalism is the fruit of a longstanding antidemocratic, reactionary strain of American thought that draws on some of the most troubling episodes in America's past. It forms common cause with a globe-spanning movement that seeks to destroy liberal democracy and replace it with nationalist, theocratic and autocratic forms of government around the world. Religious nationalism is far more organized and better funded than most people realize. It seeks to control all aspects of government and society. Its successes have been stunning, and its influence now extends to every aspect of American life, from the White House to state capitols, from our schools to our hospitals. The Power Worshippers is a brilliantly reported book of warning and a wake-up call. Stewart's probing examination demands that Christian nationalism be taken seriously as a significant threat to the American republic and our democratic freedoms. Dr. Myles Munroe, heeft in zijn bestseller, Het Koninkrijk opnieuw ontdekt, onthult dat het Koninkrijk van God de ware boodschap is van het Evangelie en dat is ook de boodschap die Jezus bracht. Hier in Koninkrijk Principes, zijn tweede boek in de serie over het Koninkrijk, vertelt Dr. Munroe dat we de voordelen van het Koninkrijk niet in ons leven kunnen toepassen tenzij wij begrijpen hoe het werkt. The mandate is clear: Christians should work to have a solid impact in every societal influence in the nation. According to Deborah McClendon and many others, there are seven such spheres of influence where Christians should establish their presence, if for no other reason than to reach the lost with the Gospel. McClendon's approach to reaching "the market place", as she calls it, is encouraging, engaging, and refreshing. You will be mesmerized by her fresh look at how to bring order to disorder to the seven mountains of God. Her book is a revival that's been a long-time-coming. In this follow-up to his first release, The Seven Mountain Prophecy, Enlow explains how God revealed His plan to raise up "Josephs"—sons and daughters who would bear His favor, dream His dreams, and reclaim the seven mountains, or sectors, of society for His glory. Those who spend time with God and His Word and His Spirit, and who dwell in His presence and commune with Him and develop a personal relationship with Him, become transformed in the process and thus are better informed, equipped and empowered to attract, steward and exercise influence in the 7 Mountains of Culture (Arts & Entertainment, Business & Economy, Education, Family, Government & Law, Media, and Religion). That is the basic premise and thesis of this book. Moreover, I assert that such transformation is not only possible for disciples of Christ, but, rather, it is imperative and essential to successfully fulfill our divine assignments, callings and destinies. Several places in Scripture such as Micah 4:1 and Isaiah 2:2 mention "the mountain of the Lord" or "the mountain of the house of the Lord," that is above all the other mountains, and is the chief mountain, depending on the particular translation used. This phrase refers to the place of God's abode, or heaven, and for our purposes here, I refer to it as the 8th Mountain. Mountains in Scripture refer to kingdoms, authority, rule and dominion. The 8th Mountain is calling your name. You've read about what awaits you, and what lies ahead on this trek to the spiritual summit. You can think of this book as your mountaineering school curriculum and training manual for the 8th Mountain, to educate, train and prepare you for climbing, and reaching the summit, of the highest peak in the universe. It teaches you survival skills, how to thrive and be successful, how to work as a team, how to ascend and descend, how to avoid or minimize danger, what gear and supplies to take, how to monitor changing weather conditions, and how to save your life and protect yourself and those around you in the harsh climate, adverse conditions, and unforgiving environment of the 7 Mountains of Culture. Just as Mount Everest is the highest point on earth, the 8th Mountain - the Mountain of the Lord - is the highest point in the universe, and is heaven itself. The old saying, "It's lonely at the top" doesn't apply here. There's no reason to be lonely on the 8th Mountain, and lots of reasons to be fulfilled and satisfied - full of joy and peace and love - and there's a whole community of fellow climbers for you to meet and get to know. Some are more experienced than others, and are at different levels of skill and knowledge and physical and spiritual conditioning, but we're all still learning and growing, and are on a journey that will last for a lifetime, and an eternity. We hope that you will join us, and we invite you to do so. En hoe de stad ook in de moderne geschiedenis nog altijd een sleutelrol speelt. Montefiores levenslange fascinatie en de meest recente studies komen op briljante wijze samen in deze fenomenale geschiedenis. Jeruzalem is een waar meesterwerk dat intrigeert van begin tot eind. De pers over Jeruzalem: 'Montefiore heeft een fraai portret geschilderd van een even mooie als explosieve stad.' de Volkskrant 'Magistrale biografie.' Trouw 'Onmogelijk om weg te leggen... Enorm vermakelijk.' New York Times Book Review 'Een klassieker. Jeruzalem is een buitengewone prestatie, geschreven vol verbeelding en energie.' Financial Times Demonization has increasingly become central to the global religious and political landscape. Passing Orders interrogates this centrality through an analysis of evangelical "spiritual warfare" demonologies in contemporary America. Situating spiritual warfare as part of broader frameworks of American exceptionalism, ethnonationalism, and empire management, author S. Jonathon O'Donnell exposes the theological foundations of the systems of queer- and transphobia, anti-blackness, Islamophobia, and settler colonialism that justify the dehumanizing practices of the current U.S. political order. O'Donnell argues that demonologies are not only tools of dehumanization but also ontological and biopolitical systems that create and maintain structures of sovereign power, or orthotaxies—models of the "right ordering" of space, time, and bodies that stratify humanity into hierarchies of being and nonbeing. Alternative orders are demonized as passing, framed as counterfeit, transgressive, and transient. Yet these orders refuse to simply pass on, instead giving strength to deviant desires that challenge the legitimacy of sovereign violence. Critically examining this challenge in the demonologies of three figures—Jezebel, the Islamic Antichrist, and Leviathan—Passing Orders re-imagines demons as a surprising source of political and social resistance, reflecting fragile and fractious communities bound by mutual passing and precarity into strategic coalitions of solidarity, subversion, and survival.
