Last Days: Zombie Apocalypse Jun 14 2022 Last Days: Zombie Apocalypse is a skirmish-scale miniatures game of survival horror. It pits players against each other in a nightmarish near-future where the dead have returned to life and are feasting on the living. Players build their own factions, representing desperate civilians, military personnel, or hardened survivors, and must explore, scavenge, and fight in order to survive another day. Rival gangs are only one of the dangers they face - mindless zombies wander the streets, driven by insatiable hunger and drawn by the sound of combat! A gang's ability to scavenge is as vital as their combat ability, and players must ensure that they have the resources to survive in this hostile world. Scenarios and campaigns allow you to develop your gang, gain experience and recruit new henchmen to build up your strength or replace the inevitable casualties of the zombie apocalypse.

The Forever Ranger Mar 19 2020 The Forever Ranger By: Robert L. LeBrun The Old West—where fast meets faster, and faster meets death. Outlaws lived by their own code and used the state of Texas as their playground. There was little to no resistance when it came to men who brutalized and killed for a profit. Enter Jon, a boy with an unknown past and an unpredictable future. At an early age he embarks on a journey to discover the truth about himself, but fate awaits him at every turn. In this action-packed Western, don't breathe and don't blink. Don't even think because even your thoughts can give away the exact moment of when you're going to draw. How you think determines how you carry yourself, and that could get you killed.

Zombie Mar 11 2022 A zombie-obsessed teenager has his own way of navigating high school and family dysfunction in this "crazy, wicked, knockout of a book" (Garth Stein, author of The Art of Racing in the Rain). High school may be hell. But for fourteen-year-old Jeremy Barker, hell doesn't end when the bell rings. His pill-addicted mother, sex-addicted brother, and mostly-absentee Vietnam-vet father aren't much of an improvement over the bullies at his all-boys Catholic school. He stays sane by watching movies. Zombie movies, to be exact, that provide a useful code of survival: avoid contact, keep quiet, forget the past, lock-and-load, and fight to survive. His father's also a fan, and watching zombie flicks together is their one way of father-son bonding. But even the wildest movie can't prepare Jeremy for the day his English teacher slips his dad a DVD in the school parking lot—a home DVD of a macabre, ritual surgery. Jeremy's father won't say why he has the movie, or whether the gruesome spectacle is real. When his father disappears from the house yet again, Jeremy decides to investigate. Twisted, fast-paced, and hilarious, this coming-of-age novel is a brand-new take on growing up in a world full of people who don't understand you—whether those people are your ninth-grade classmates or a horde of slavering zombies.

White Trash Zombie Apocalypse Sep 05 2021 Our favourite white trash zombie, Angel Crawford, has enough problems of her own, what with dealing with her alcoholic, deadbeat dad, issues with her not-quite boyfriend, the zombie mafia, industrial espionage and evil corporations. Oh, and it's raining, and won't let up. But things get even crazier when a zombie movie starts filming in town, and Angel begins to suspect that it's not just the plot of the movie that's rotten. Soon she's fighting her way through mud, blood, bullets and intrigue, even as zombies, both real and fake, prowl the streets. Angel's been through more than her share of crap, but this time she's in way over her head. She'll need plenty of brainpower to fit all the pieces—and body parts—together in order to save herself, her town, and quite possibly the human race.

As tensions between rival gangs rise, so does the body count, and Amy and Hunter's investigation leads them to a violent, far-right extremist group who are in no hurry to quell the civil unrest. Plotting Apocalypse Nov 07 2021 It is the not-too-distant future, and the rapture has occurred. Every born-again Christian on the planet has, without prior warning, been snatched from the earth to meet Christ in the heavens, while all those without the requisite faith have been left behind to suffer the wrath of the Antichrist as the earth enters into its final days. This is the premise that animates the enormously popular cultural phenomenon that is the Left Behind series of prophecy novels, co-written by Tim LaHaye and Jerry Jenkins and published between 1995 and 2007. But these books are more than fiction: it is the sincere belief of many evangelicals that these events actually will occur—soon. Plotting Apocalypse delves into the world of rapture, prophecy, and tribulation in order to account for the extraordinary cultural salience of these books and the impact of the world they project. Through penetrating readings of the novels, Chapman shows how the series offers a new model of evangelical agency for its readership. The novels teach that although believers are incapable of changing the course of a future that has been preordained by God, they can become empowered by learning to read the prophetic books of the Bible—and the signs of the times—correctly. Reading and interpretation become key indices of agency in the world that Left Behind limns. Plotting Apocalypse reveals the significant cultural work that Left Behind performs in developing a counter-narrative to the passivity and fatalism that can characterize evangelical prophecy belief. Chapman's arguments may bear profound implications for the future of American evangelicalism and its interactions with culture, society, and politics.

Tiptoeing Through the Apocalypse Jan 21 2023 Zeke Mortensen is a man with a plan to survive the Apocalypse without taking the mark. For three and a half years he has gotten along, creating a safe haven for himself in a world that has been all but wiped out by global catastrophes. The supervolcano at Yellowstone has erupted while the "Big One" along the San Andreas Fault finally shook the West coast of the US into the Pacific Ocean. What is left of America is going through years of winter weather brought about by millions of tons of volcanic ash in the atmosphere. More than half of the US is dead within a month of these disasters while billions across the world starve when the "grain basket" of America is reduced to sulfuric ash. During all this, Zeke has managed to survive and he plans to keep on surviving. His methods are criminal, but Zeke is not a man who cares much for laws. Then one day he meets Martin, a boy who reminds him of his own dead son. Martin drags Zeke back into the world and before he knows it, Zeke has become the leader of a small community trying to survive the Apocalypse without taking the mark that would allow them to buy, sell or trade. Now, three and a half years into the Apocalypse, the Beast is reaching out to what is left of America and it is up to Zeke to keep his new family safe from that unrelenting grasp.

Saving Fear in Christian Spirituality Jan 17 2020 Hailed in Sacred Scripture as the “beginning of wisdom” (Ps 111:10), the “fear of the Lord” is seldom mentioned and little understood today. A gift of the Spirit and a moral virtue or disposition, the “fear of the Lord” also frequently entails emotional experiences of differing kinds: compunction, dread, reverence, wonderment, and awe. Starting with the Bible itself, this collection of seventeen essays explores the place of holy fear in Christian spirituality from the early church to the present and argues that this fear is paradoxically linked in various ways to fear’s seeming opposite, love. Indeed, the charged dynamic of love and fear accounts for different experiences and expressions of Christian life in response to changing historical circumstances and events. The writings of the theologians, mystics, philosophers, saints, and artists studied here reveal the relationship between the fear and the love of God to be profoundly challenging and mysterious, its elements paradoxically conjoined in a creative tension with each other, but also tending to oscillate back-and-forth in the history of Christian spirituality as first one, then the other, comes to the fore, sometimes to correct a perceived imbalance, sometimes at the risk of losing its companion altogether. Given this historical pattern, clearly evident in these chronologically arranged essays, the palpable absence of a discourse of holy fear from the mainstream theological landscape should give us pause and invite us to consider if and how—under what aspect, in which contexts—a holy fear, inseparable from love, might be regained or discovered anew within Christian spirituality as a remedy both for a crippling anxiety and for a presumptive recklessness. This book will be of interest to students and scholars of Christian spirituality, theology, biblical studies, religious studies, and religion and literature. Contributors: Ann W. Astell, Pieter G. Reaching Reluctant Young Readers Apr 12 2022 *Reaching Reluctant Young Readers* features 150 middle-grade books. Each profiled title has the potential to hook the reluctant reader and lure them to read the entire book. To specifically encourage elementary and middle-school-age reluctant children to read, there is first a pitch to get the reader’s attention. That is followed by a short reading passage to “set the hook” and encourage the young person to read the rest of the book on their own. Further, the book contains several hundred additional recommended titles. The books selected for this collection were chosen following the criteria of reluctant reader books created by the Quick Picks committee sponsored by the Young Adult Library Services Association. While these guidelines were designed for young adult books, they also work well for middle-grade books. The criteria include: clear writing (no convoluted long sentences with sophisticated vocabulary), high interest “hook” in the first few pages, well-defined characters, interesting plot, and familiar themes.
