Hearings Jun 24 2020

Boys, Girls and Achievement Oct 17 2019 Girls are now out-performing boys at GCSE level, giving rise to a debate in the media on boys' underachievement. However, often such work has been a 'knee-jerk' response, led by media, not based on solid research. Boys, Girls and Achievement - Addressing the Classroom Issues fills that gap and: *provides a critical overview of the current debate on achievement; *Focuses on interviews with young people and classroom observations to examine how boys and girls see themselves as learners; *analyses the strategies teachers can use to improve the educational achievements of both boys and girls. Becky Francis provides teachers with a thorough analysis of the various ways in which secondary school pupils construct their gender identities in the classroom. The book also discusses methods teachers might use challenge these gender constructions in the classroom and thereby address the 'gender-gap' in achievement.

History of the United States Secret Service Nov 10 2021 Lafayette Baker served as a Union spy during the Civil War and eventually took over the Union Intelligence Service from Allan Pinkerton. Baker suspected Secretary of War Edwin Stanton of corruption and was demoted after tapping his telegraph wires. After Lincoln's assassination, he returned to Washington, D.C. and played a vital role in rounding up those involved in the assassination plot. He was relieved of his position again after he was accused by President Johnson of spying on him, a charge Baker confesses to in his History of the United States Secret Service, written

as a response to his demotion. Baker passed away a year after publishing his book in 1868.

A More Perfect Union Sep 08 2021 Hana Schank had never given much thought to her wedding, or even really imagined herself married, so when she found herself suddenly sporting a brand-new engagement ring she assumed planning a small, low-key wedding would be no big deal. But soon she finds herself adrift in Wedding Land, a world where all brides are expected to want to look like Cinderella, where women plan weddings with fantasy butterfly themes, where a woman's wedding is, without question, the Happiest Day of Her Life. Despite her best efforts not to become a Bridezilla, Hana finds herself transformed from a thirty-year-old woman with a 401(k) into a nearly unrecognizable version of herself as she spends weeks crafting save-the-date cards, worries about matching her cocktails to her wedding colors, and obsessively reads Martha Stewart Weddings magazine. She decides that, if she is going to follow traditions like wearing white and walking down the aisle with flowers, she at least wants to understand why. In her search she turns up interesting wedding facts: bridesmaids, for instance, were originally recruited to confuse evil spirits. Ultimately, she casts a critical eye on the \$72 billion wedding industry, from the women at wedding websites who cackle over the etiquette missteps of others to wedding magazines that provide checklists of 187 tasks to plan the perfect wedding, suggesting that to have anything less is to fail as a bride, as a woman, as a wife. Part confessional memoir, part social critique, *A More Perfect Union* chronicles a year in Wedding Land, capturing as it does not only the stresses but the undoubted joys of becoming a bride.

Rethinking Politeness with Henri Bergson Mar 14 2022 In 1885, Henri Bergson addressed a class of French high school students on the subject of politeness. Bergson would go on to become one of the most influential philosophers of his time, yet although this essay set forth a striking theory of politeness and foreshadowed aspects of his later work, it remains remarkably little-known. *Rethinking Politeness with Henri Bergson* offers the first English translation of *Discours sur la Politesse*, and brings together leading linguistic anthropologists to critically engage with and expand on Bergson's ideas. At the core of Bergson's essay is a tripartite classification of politeness acts into *politesse des manières* (politeness of manners), *politesse de l'esprit* (politeness of mind/spirit), and *politesse du coeur* (politeness of the heart). Presented along a hierarchy of intersubjective attunement and ethical aspirations, Bergson's three types call for the progressive abandonment of habits when they get in the way of our ability to help others. They can also be read as an invitation to consider politeness as a dimension

of human sociability that is relevant to social theory. Collectively, the essays in this volume untangle the ideological, socio-historical, and material conditions that shape notions of the ideal social agent, and propose a rethinking of politeness that serves as a bridge to larger issues of civility, citizenship, and democracy.

The Annual Register, Or, A View of the History and Politics of the Year ... Dec 11 2021 Continuation of the reference work that originated with Robert Dodsley, written and published each year, which records and analyzes the year's major events, developments and trends in Great Britain and throughout the world. After 1815 the usual form became a number of chapters on Great Britain, paying particular attention to the proceedings of Parliament, followed by chapters covering other countries in turn, no longer limited to Europe. The expansion of the History came at the expense of the sketches, reviews and other essays so that the nineteenth-century publication ceased to have the miscellaneous character of its eighteenth-century forebear, although poems continued to be included until 1862, and a small number of official papers and other important texts continue to be reproduced.

Waste Away Oct 29 2020 Though we are the most wasteful people in the history of the world, very few of us know what becomes of our waste. In *Waste Away*, Joshua O. Reno reveals how North Americans have been shaped by their preferred means of disposal: sanitary landfill. Based on the author's fieldwork as a common laborer at a large, transnational landfill on the outskirts of Detroit, the book argues that waste management helps our possessions and dwellings to last by removing the transient materials they shed and sending them elsewhere. Ethnography conducted with waste workers shows how they conceal and contain other people's wastes, all while negotiating the filth of their occupation, holding on to middle-class aspirations, and occasionally scavenging worthwhile stuff from the trash. *Waste Away* also traces the circumstances that led one community to host two landfills and made Michigan a leading importer of foreign waste. Focusing on local activists opposed to the transnational waste trade with Canada, the book's ethnography analyzes their attempts to politicize the removal of waste out of sight that many take for granted. Documenting these different ways of relating to the management of North American rubbish, *Waste Away* demonstrates how the landfills we create remake us in turn, often behind our backs and beneath our notice.

The Revolving Wedge Nov 29 2020

The National Rifle Association Its Tramways and the London & South Western Railway Sep 27 2020 The National Rifle Association (NRA) was founded in the mid-nineteenth century and was granted a Royal Charter of Incorporation by Queen Victoria in 1890. It was created for the encouragement of the Rifle Corps of the newly formed Volunteer Movement and the promotion of rifle shooting throughout Great Britain. This would be accomplished by establishing a great Annual National Meeting, where marksmen could compete for valuable prizes and ensuring that the location was easily accessible to all comers over the developing railway network. Situated in Bisley, some 35 miles from London, the base of NRA had very little infrastructure and soon enough, the Council invested, buying land and providing permanent accommodation. The London and South Western Railway Company built a spur from Brookwood Station to accommodate the camp whilst the tramway was relaid to connect the camp and ranges. The original range layout still remains today in its basic form. Nowadays, the NRA is predominantly concerned with civilian full-bore target rifle shooting, yet it still maintains its military heritage and continues its links with the British Armed Forces. The book relates the extraordinary relationship which developed between the NRA and, primarily, the London and South Western Railway Company and its successors in fulfilling these aims, together with the fascinating story of the associations own unique tramways.
