Turning Point Oct 09 2021 ?
It is the desire in a person that makes one seek the truth. And it is the silent whispers of the heart that stirs those desires to take the courageous path. Like the whispers of my heart to have my independent thinking, to examine everything. Like the yearning in me to find out why I exist and what really is the concept of God. This, led me to

embark on my journey of discovery, I was ready to take on the challenge. Like me, every one of us desires to know the answers to the meaning of their lives and beliefs. Few gather the courage to walk this road. Fear of what they might discover at the Turning Point of the road grips them, fear of losing the comfort zone they possess shatters them and fear of being alone in the end terrifies them. So they shun their desire for truth and subdue their courage for questioning and challenging. What Turning Point has to offer is only for those who are ready to meet their fears, take the challenge and find the answers. If our Creator is the truth, our

puny challenges and questions
can do no harm to its existence.
Are you ready?

The Application of Islamic

Criminal Law in Pakistan Jan 12 2022 No legal system in the world has aroused as much public interest as Sharia. However, the discourse around Sharia law is largely focussed on its development and the theories, principles and rules that inform it. Less attention has been given to studying the consequences of its operation, particularly in the area of Islamic criminal law. Even fewer studies explore the actual practice of Islamic criminal law in contemporary societies. This book aims to fill these gaps in our understanding of Sharia law in practice. It deals specifically with the consequences of enforcing Islamic criminal law

in Pakistan, providing an in-depth and critical analysis of the application of the Islamic law of Qisas and Diyat (retribution and blood money) in the Muslim world today. The empirical evidence adduced more broadly demonstrates the complications of applying traditional Sharia in a modern state.

The astonishing language of the Creator Oct 21 2022 In this

book for the first time in human history I show definite proof that the script of the Arabic language is the Divine language. In this language word meanings are given by meanings hidden in the shape of the individual alphabets and they draw a picture of the word in question. This built-in picture dictionary enormously simplifies language learning by beginners. The definitions of the words are provided on a scientific basis and this principle extends to words for atom or butterfly which depict the structure of the atom or butterfly's life-cycle, unbelievable as it may sound. The findings of this book imply that the theories of language

development in humans based on mimicry of animal sounds are incorrect and that Arabic can be learned in a simpler and efficient way. The book also describes the difference between lughatul Arabia or the present day Modern Standard Arabic and Lisanun Arabiun which is the true Divine language of the Creator as described in the Qur'an. The intelligent single letter meanings in words, built-in picture dictionary, and scientific explanations will make it easier for learning the language of the Creator and knowing Divine secrets and directions both in science and religion.

De gevangene van Zenda Dec 19 2019 De Britse aristocraat Rudolf Rassendyll gaat op vakantie naar Ruritanië, het land waar zijn familie oorspronkelijk vandaan komt.

Eenmaal daar ontdekt hij dat hij sprekend lijkt op de huidige koning, die echter ontvoerd wordt door zijn kwaadaardige broer Michael en diens handlangers. De koning wordt gevangengezet in een kasteel in het kleine plaatsje Zenda. Om te voorkomen dat Michael de troon in handen krijgt, overtuigen twee kapiteins, vertrouwelingen van de koning, Rudolf om de plaats van de koning in te nemen. Dan beginnen de problemen echter pas goed.
