Paraenetic Discourse Teaching Interreligious Encounters A World Religions Reader A History of the World's Religions De grote transformatie / druk 5 Religions Today The Legacy of Wilfred Cantwell Smith My Neighbor's Faith: Stories of Interreligious, Encounter, Growth, and Transformation

A History of the World's Religions bridges the interval between the founding of religions and their present state, and gives students an accurate look at the religions of the world by including descriptive and interpretive details from the original source materials. Refined by over forty years of dialogue and correspondence with religious experts and practitioners around the world, A History of the World's Religions is widely regarded as the hallmark of scholarship, fairness, and accuracy in its field. It is also the most thorough yet manageable history of world religion available in a single volume, treating many subjects largely neglected in other texts. "Reflecting modern religions in today's changing world." "Living Religions: "A Brief Introduction" 3/e presents a highly readable and stimulating concise survey of the modern religious world though an emphasis on the personal consciousness of believers and their own

accounts of their religion and relevance in contemporary life. Along with a team of specialist consultants in each faith, and drawing on a wealth of scholarly research and firsthand source material, Mary Pat Fisher provides a fresh and challenging insight into the historical development and teachings of traditional faiths, indigenous religions, and new religious movements. She considers how the contemporary beliefs and practices of each of these traditions has evolved, and explores the changing nature of each religion; particularly the role of women, and the issues and controversies such as fundamentalism, violence, globalization, and interfaith initiatives. Teaching and Learning Experience" "Personalize Learning "- MyReligionLab delivers proven results in helping students succeed, provides engaging experiences that personalize learning, and comes from a trusted partner with educational expertise and a deep commitment to helping students and instructors achieve their goals." "Religion is not a museum piece. Religion is a vibrant force in the lives of many people around the world, and many religions are presently experiencing a renaissance." - Mary Pat Fisher, Preface to Living Religions Along with a team of specialist consultants in each faith, and drawing on a wealth of scholarly research and firsthand source material, Mary Pat Fisher provides a fresh and challenging insight into the historical development and teachings of traditional faiths, indigenous religions, and new religious movements. She considers how the

contemporary beliefs and practices of each of these traditions have evolved, and explores the changing nature of each religion; particularly the role of women, and the issues and controversies such as fundamentalism, violence, globalization, and interfaith initiatives. Religions Today provides a sympathetic account of what living religions really are. Fisher traces the historical development and practices of major religious movements and explores how these evolve into contemporary belief and teaching. She considers major faiths as well as indigenous religions and new religious movements, focusing on how living religions affect contemporary society. Case studies and interviews with living people ensure that this concise guide is both readable and stimulating. Living Religions—Eastern Traditions is a highly readable and stimulating survey of the major global religions and new religious movements that originated in the East, with particular focus on how people are trying to live by them in today's world. Evocative illustrations enhance this approach; first-person interviews of ordinary people and boxes uncovering the spiritual roots of well-known public figures bring this book to life. Covering the key religions of India, China, and Japan, the social context, origins, teachers, scriptures, and historical development of each faith are carefully explored, with emphasis on how practitioners themselves understand their tradition from inside. For readers interested in

"Jesus - The Way, The Truth and The Life" will prove that Jesus is the only Way to God, the very embodiment of all Truth and the very essence of Life, just as He declared of Himself in the fourteenth chapter and sixth verse of the gospel of John by saying, "I am the way, the truth, and the life and that no one comes to the Father except through Me." This book will show using systematic theology, proofs and truth arguments that Jesus is exactly who He says He is, confirmed by God the Father, the Holy Spirit and by Christ Himself. Jesus said in Mark 8; 27 of scripture "Who do you say I Am." This book will make it obvious why you must answer this pointed question just as Peter did in claiming to Jesus that "You are the Christ, the Son of the Living God." Time is getting short and Jesus is on His way back to earth. It's not a time to be confused or wrong on issues having eternal consequences. Though the book reads as a college textbook it forces you to think and study the word of God. The book is most valuable in a curriculum setting or for those interested in Christian apologetics. Jesus is compared to a myriad of other secular philosophies both past and present and as a result it is conclusively obvious that Jesus is the way, truth and the life and all others are false. This book stands on the foundation that a relationship with God thru

Christ is by faith alone (Sola Fide), by grace alone (Sola Gratia), by Christ alone (Solus Christus), by scripture alone (Sola Scriptura) and with glory to God alone (Soli Deo Gloria). Dr. Ronald N Bish, ThD. received his Doctorate from Freedom Bible College in Systematic Theology and Apologetics and also holds a Master Degree in Mechanical Engineering. Filosofie voor beginners maakt op een uitermate originele wijze de leek wegwijs in de filosofie, een terrein dat veel mensen direct geneigd zijn als 'moeilijk' te bestempelen. Filosofie voor beginners verklaart en illustreert - het boek bevat zo'n driehonderd originele tekeningen van de auteur - moeilijke filosofische begrippen op een manier die ze toegankelijk maakt voor degene die weinig of niets van filosofie afweet. De tekeningen hebben een cartoonachtig karakter en zijn juist daardoor een goede hulp bij het verhelderen van complexe filosofische begrippen en theorieën. Filosofie voor beginners geeft een beknopte inleiding in de filosofie. Het begint bij de oude Grieken en schetst de verdere geschiedenis van de filosofie tot en met de behandeling van eigentijdse filosofen. Een docent filosofie over dit boek: 'Zo kan dit boek de leemten vullen in de bibliotheken van het voortgezet onderwijs, maar ook in de boekenkasten van tieners en volwassenen.' For use as a core text for introductory and upper-level courses in Western religions and Introduction to World Religions courses. Can

also be used as supplemental reading for individual religion courses. Through a thematic and people-oriented approach, this book provides a valuable introduction to a variety of new religious movements - whether founded as offshoots of traditional religions or as a result of millennial expectations or charismatic leaders. It also considers the role of the Interfaith Movement and the ways in which modern technology is spreading religions both new and old. A comprehensive and accessible textbook which

explores the traditions and beliefs of the world's living religions - the fully updated and revised new edition The World Religions Reader is an inclusive, student-friendly examination of the history, teaching, practices, and appeal of the world's major religions. Covering both the fundamentals and complexities of each religious tradition, this popular textbook brings together significant texts from scriptures and scholars, as well as writings from philosophers and other significant thinkers throughout history. Students are provided with an introduction and overview of the tradition, taken through its primary texts, and presented with a text which seeks to persuade the student of the tradition's merits. This new edition has been thoroughly updated to be even more accessible for students new to interreligious engagement and to reflect current trends and developments in religions worldwide. Every chapter opens with a substantial overview which orients the new student and then flows into a carefully chosen set of texts - a regular textbook is now combined with a Reader. New content examines areas such as the Rastafarian tradition, while revised chapters cover secular humanism and indigenous and emerging religious traditions. The methodology of the book focuses on an empathetic approach - representing each tradition from the perspective of a conventional adherent - enabling students to develop understanding of each tradition and appreciate similarities and

differences in their most typical forms. Invites students to study each tradition from the perspective of a follower, aiming to understand why the tradition is popular and powerful. Explores representative passages, world-views, rituals and institutions, ethical expressions and modern outlooks for each religion. Features discussions of interfaith perspectives on the role of women in religious traditions and the impact of world events and politics on interfaith communication. Encourages students to consider questions of truth, the relation of religion and society, and the changing nature of a tradition in the modern world. Includes a complete set of pedagogical tools and instructor resources, including end-of-chapter fact sheets, topic summaries, key term sections, and essay and discussion questions. The World Religions Reader, Fourth Edition is an ideal textbook for undergraduate and graduate courses in religion, especially for liberal arts and non-affiliated colleges, as well as general readers wishing to increase their knowledge of the world's religious traditions. Encompassing traditional faiths, indigenous religions, and the new religious movements, this book focuses on the historical development and teachings of each religion and explores how these religions have evolved into contemporary beliefs and practices. REVEL for "Living Religions" provides a clear and straightforward account of the development, doctrines, and practices of the major faiths followed today. The emphasis throughout is on the personal consciousness of

believers and their own accounts of their religion and its relevance in contemporary life. Authors Mary Pat Fisher and Robin Rinehart emphasize cultural customs, popular spiritual practices, and varieties of religious ways, as opposed to distinct monolithic institutionalized religions. REVEL for the Tenth Edition includes new and revised content that helps students see how religion intersects with contemporary issues, including globalization, economics, and environmental and societal issues. REVEL is Pearson's newest way of delivering our respected content. Fully digital and highly engaging, REVEL replaces the textbook and gives students everything they need for the course. Informed by extensive research on how people read, think, and learn, REVEL is an interactive learning environment that enables students to read, practice, and study in one continuous experience for less than the cost of a traditional textbook. NOTE: REVEL is a fully digital delivery of Pearson content. This ISBN is for the standalone REVEL access card. In addition to this access card, you will need a course invite link, provided by your instructor, to register for and use REVEL. " This anthology provides each of the major world religions with an opportunity to explain itself in its own terms, creating a sensitive and accurate picture of its teachings and beliefs. It allows readers to gain an "inside"; understanding of origins, founders, and practices-and presents the religions as living faiths. Selected extracts relate religion to such current issues as gender, environment,

and politics. Chapters explore indigenous sacred ways, Hinduism, Jainism, Buddhism, Taoism, Confucianism, Judaism, Christianity, and more. For individuals desiring to learn more about the major world religions, and their impact around the world today. This guide is a practical overview for the international businessman to understand the rules, regulations and management issues regarding taxes in China. It is written very much from practical experience and contains a wealth of insider knowledge. Offering a fresh assessment of the presence and function of paraenesis within Valentinianism, this book places Valentinian moral exhortation within the context of early Christian moral discourse. Like other early Christians, Valentinians were not only interested in ethics, but used moral exhortation to discursively shape social identity. Building on the increasing recognition of ethical and communal concerns reflected in the Nag Hammadi sources, this book advances the discussion by elucidating the social rhetoric within, especially, the "Gospel of Truth" and the "Interpretation of Knowledge." The social function of paraenesis is to persuade an audience through social re-presentation. The authors of these texts discursively position their readers, and themselves, within engaging moments of narrativity. It is hoped that this study will encourage greater integration of research between those working on the Nag Hammadi material and those studying early Christian paraenetic discourse. 0205963501 /

First work to address the legacy of Wilfred Cantwell Smith and his influence on the development of religious studies and Islamic studies in the twentieth century. This is the first work to address the legacy of Wilfred Cantwell Smith (1916-2000), whose intellectual and institutional contributions helped shape the field of religious studies in the latter half of the twentieth century. As a young scholar, Smith taught Indian and Islamic history in Lahore for several years and witnessed the partition of India. Upon his return to North America, he obtained his PhD at Princeton University before embarking upon a long and distinguished career. He founded the Institute of Islamic Studies at McGill University and served as director of the Center for the Study of World Religions at Harvard University. Smith emphasized the place of the scholarly study of Islam in the Western academy long before Islam occupied its current position at the center of global politics, challenged the notion of monolithic world religions, and argued for the importance of dialogical processes and a personalist approach to the study of religion. Contributors to this volume, many of whom were Smith's students, provide a wide-ranging exploration of his influence and legacy 0135031591 / 9780135031599 Living Religions
