When people should go to the books stores, search commencement by shop, shelf by shelf, it is in point of fact problematic. This is why we give the books compilations in this website. It will agreed ease you to look guide **Legions Of Rome The Definitive History Of Every Imperial Roman Legion** as you such as.

By searching the title, publisher, or authors of guide you truly want, you can discover them rapidly. In the house, workplace, or perhaps in your method can be every best place within net connections. If you try to download and install the Legions Of Rome The Definitive History Of Every Imperial Roman Legion, it is certainly simple then, past currently we extend the partner to buy and create bargains to download and install Legions Of Rome The Definitive History Of Every Imperial Roman Legion hence simple!

Thank you for reading **Legions Of Rome The Definitive History Of Every Imperial Roman Legion**. As you may know, people have search hundreds times for their favorite novels like this Legions Of Rome The Definitive History Of Every Imperial Roman Legion, but end up in harmful downloads. Rather than reading a good book with a cup of tea in the afternoon, instead they are facing with some harmful bugs inside their laptop.

Legions Of Rome The Definitive History Of Every Imperial Roman Legion is available in our digital library an online access to it is set as public so you can download it instantly.

Our books collection spans in multiple locations, allowing you to get the most less latency time to download any of our books like this one.

Merely said, the Legions Of Rome The Definitive History Of Every Imperial Roman Legion is universally compatible with any devices to read

Thank you totally much for downloading **Legions Of Rome The Definitive History Of Every Imperial Roman Legion**. Most likely you have knowledge that, people have look numerous times for their favorite books later this Legions Of Rome The Definitive History Of Every Imperial Roman Legion, but end going on in

harmful downloads.

Rather than enjoying a fine ebook following a mug of coffee in the afternoon, on the other hand they juggled in imitation of some harmful virus inside their computer. **Legions Of Rome The Definitive History Of Every Imperial Roman Legion** is friendly in our digital library an online admission to it is set as public as a result you can download it instantly. Our digital library saves in merged countries, allowing you to acquire the most less latency period to download any of our books in imitation of this one. Merely said, the Legions Of Rome The Definitive History Of Every Imperial Roman Legion is universally compatible in the same way as any devices to read.

Yeah, reviewing a book **Legions Of Rome The Definitive History Of Every Imperial Roman Legion** could grow your near contacts listings. This is just one of the solutions for you to be successful. As understood, deed does not recommend that you have fabulous points.

Comprehending as with ease as arrangement even more than additional will meet the expense of each success. adjacent to, the broadcast as without difficulty as perception of this Legions Of Rome The Definitive History Of Every Imperial Roman Legion can be taken as skillfully as picked to act.

‘Westads schrijfstijl is helder, gevat en vurig. Deze keer is zijn speelveld breed genoeg om zijn kennis en menselijkheid volledig recht te doen.’ Marilyn B. Young, New York University De Koude Oorlog was het lijnrecht tegenover elkaar staan van het kapitalisme en het socialisme. Een confrontatie die het heftigst was tussen 1945 en 1989, maar de oorsprong van het conflict gaat veel verder terug en de gevolgen zijn nog steeds voelbaar.

De Koude Oorlog zorgde ervoor dat de wereld werd gedomineerd door twee supermachten die als uitgangspunt hadden dat alleen het eigen systeem goed was en dat van de ander per definitie heel erg slecht. Dit leidde tot een wapenwedloop waardoor we nu genoeg atoomwapens hebben om onze aarde meerdere keren volledig te vernietigen. Net als de Amerikanen geloofden de sovjetleiders dat de 'oude' maatschappijen, gebaseerd op lokale identiteit, standsverschil en een sterke band met het verleden, volkomen achterhaald waren. De Koude Oorlog ging dan ook over de maatschappij van de toekomst. De keuze was beperkt: die van de Sovjet-Unie, waar de staatsmachine aan de verbetering van de mensheid werkte, of die van de Amerikanen met een gedecentraliseerde staatsmacht en boven alles individuele vrijheid. Tegen deze achtergrond werd het gevecht gevoerd, met als gevolg conflict na conflict en genadeloze leiders. Odd Arne Westad is hoogleraar VS-Azië Relaties aan Harvard University en geeft les op de Kennedy School of Government. Van zijn hand verschenen *The Global Cold War* (2005), dat de Bancroft Prize heeft gewonnen, en *Decisive Encounters* (2003), het standaardwerk over de Chinese burgeroorlog. Ook werkte hij mee aan de driedelige *Cambridge History of the Cold War* (2010). Recenter verscheen *Restless Empire: China and the World since 1750* (2012). This volume continues the story of the 3.2 litre Carrera series, and goes on to cover the 959 production car and the last of the air-cooled 911s. A process of continuous evolution has kept the 911 fresh for nearly 40 years, while impeccable build quality has ensured that most of even the very earliest cars have survived as desirable and usable classics. This is the second volume of a set of books which will chronicle in definitive depth the history of the evergreen 911, from the earliest design studies to the water-cooled cars of today. Features: The fourth book in THE definitive 911 (and 912) reference library. Full year-by-year, model-by-model coverage, including all limited editions. International markets covered in great detail. Over 200 pictures,

mostly in color, including contemporary advertising and sales brochure material. Chronicles the experiences of the prisoners within the walls of Colditz Prison, a medieval castle that was converted into a high security fortress by the Germans during World War II. We call habeas corpus the Great Writ of Liberty. But it was actually a writ of power. In a work based on an unprecedented study of thousands of cases across more than five hundred years, Paul Halliday provides a sweeping revisionist account of the world's most revered legal device. In the decades around 1600, English judges used ideas about royal power to empower themselves to protect the king's subjects. The key was not the prisoner's "right" to "liberty"—these are modern idioms—but the possible wrongs committed by a jailer or anyone who ordered a prisoner detained. This focus on wrongs gave the writ the force necessary to protect ideas about rights as they developed outside of law. This judicial power carried the writ across the world, from Quebec to Bengal. Paradoxically, the representative impulse, most often expressed through legislative action, did more to undermine the writ than anything else. And the need to control imperial subjects would increasingly constrain judges. The imperial experience is thus crucial for making sense of the broader sweep of the writ's history and of English law. Halliday's work informed the 2008 U.S. Supreme Court ruling in *Boumediene v. Bush* on prisoners in the Guantánamo detention camps. His eagerly anticipated book is certain to be acclaimed the definitive history of habeas corpus. There have been many books on the Mini, but as yet nothing to stand as the definitive history of this revolutionary small car. Therefore, Haynes is proud to present the book on the Mini - lavishly illustrated, comprehensive and full of testimony from those involved with the car. Written by a renowned Mini expert who has been researching this book for the past 20 years, the authoritative text combines with fascinating sidebars and lively period photographs and brochure material to deliver the essential guide to this 20th

century motoring icon, published to mark the 50th anniversary of the Mini's launch in 1959. "From the Boogie Down Bronx to the Global Stage: The Definitive History and Impact of Hip Hop DJing on the Music Industry" is the ultimate guide for hip hop fans and music enthusiasts. This book dives deep into the history of hip hop DJing, tracing its roots in the South Bronx to its current status as a global phenomenon. The book also explores the impact that hip hop DJing has had on the music industry, including the introduction of new technologies and the creation of new business opportunities. This book is a must-read for anyone interested in the history of hip hop music and its cultural impact. The detailed research and engaging writing make it a captivating read for music fans and historians alike. Buy this book to discover the story behind hip hop DJing and its lasting impact on the music industry. From the early days in the South Bronx to its current global presence, this book is an essential resource for anyone who wants to understand the true significance of hip hop DJing. Don't miss out on the opportunity to immerse yourself in the world of hip hop DJing and the role it has played in shaping the music industry.

Masha Gessen, bekrond journaliste, geeft een fenomenaal inzicht in de gebeurtenissen en krachten die haar geboorteland Rusland de afgelopen decennia hebben ontwricht. In De toekomst is geschiedenis volgt ze de levens van mensen die geboren werden in de nadagen van het Sovjetrijk en opgroeiden met ongekende verwachtingen. Haar hoofdpersonen - kinderen en kleinkinderen van de bouwmeesters van het nieuwe Rusland - koesteren elk hun eigen aspiratie, als ondernemer, activist, denker of schrijver. Gessen brengt in kaart hoe hun levens beïnvloed worden door de intriges van een verpletterend regime dat weigert zichzelf te begrijpen. Een regime waarin de oude Sovjetorde ongehinderd kan terugkeren in

de vorm van de maffiastaat die Rusland nu is. De toekomst is geschiedenis is een sterk en urgent verhaal, een waarschuwing voor nu en alle tijden. Discover the intimate details of life under the pharaohs--and their extraordinary legacy--in this fascinating e-guide to Egypt's ancient civilization. Encompassing 3,000 years and 31 Egyptian dynasties, from the time of Narmer to Cleopatra, this fresh appraisal of ancient treasures helps you navigate the political intrigues and cultural achievements of the Ancient Egyptians, from the Pyramids and the Sphinx of Giza to the Great Library and Lighthouse of Alexandria. You'll meet pharaohs such as King Tutankhamun--whose mummified remains and lavish grave goods reveal so much about the society and its beliefs--as well as influential women such as Hatshepsut and Nefertiti, and warriors including Alexander the Great. Lavish photographs reveal the exquisite craftsmanship of their scribes, artists, and metalworkers, and the tomb paintings and relief carvings that captured the everyday life of farmers, artisans, soldiers, and traders in exquisite detail. Exclusive CGI reconstructions use the latest scientific information to recreate the finest tombs, temples, and pyramids. Beautifully illustrated, and unparalleled in scope, Ancient Egypt is the perfect ebook for anyone with an interest in ancient civilizations and Egyptology. Design: The Definitive Visual History is a gorgeous visual celebration of design across the decades. Find out all about the major design movements of the last 150 years from Arts and Crafts to Bauhaus and browse through the beautiful image catalogues of everything from glassware to posters and typography to chairs. Arranged chronologically, from 1850 to the present day, follow the fascinating evolution of how design has influenced the look and functionality of the objects we use every day from telephones and cameras to toys, furniture and fashion. With profiles of iconic designers such as Alvar Aalto, Frank Gehry, and Philippe Starck and stunning images of buildings and interiors, Design: The Definitive Visual History is a true celebration of classic design

and the perfect package for design lovers. ] In non-fictie werd alles al over Benito Mussolini geschreven. We meenden hem wel te kennen. Tot de gelauwerde, eigenzinnige schrijver Scurati hem in een romanfiguur omdoopte. Zonder er feiten bij te verzinnen. Het resultaat is een indrukwekkende, documentaire roman, die een kleurrijke geschiedenis tot leven brengt, en ons waarschuwt. De jonge Mussolini is als een beest: hij voelt en ruikt de tijd die eraan komt, in het uitgeputte Italië van net na de Eerste Wereldoorlog. Afgezet als socialistisch leider, plaatst de onvermoeibare politieke agitator zich aan het hoofd van de onwettigen, de misdadigers, brandstichters en andere woeste dwazen. Met afschuw en fascinatie beschrijft Scurati hoe zijn opportunistische personage, hongerend naar macht en seks, zich van 1919 tot 1924 leugenachtig en instinctmatig van socialisme naar fascisme beweegt. Tracing the history of the automobile, from the first prototypes to the super cars of today, Car covers the technological developments and manufacture of cars, the cultural backdrop against which the various models arose, and the enduring impact the car has had on society as an object of curiosity, symbol of luxury, and item of necessity. The most lavishly illustrated treatment of the subject on the market, featuring the most noteworthy cars of each decade in beautifully photographed catalogs, Car is truly an international view of the automobile through time, with histories of the men and machines that created brands which are now household names. In Appeasement neemt de jonge, baanbrekende historicus Tim Bouverie ons mee naar de jaren dertig van de vorige eeuw. Hij schildert een onvergetelijk portret van de Britse ministers, aristocraten en amateurdiplomaten die lange tijd angstvallig de confrontatie met Hitler-Duitsland uit de weg gingen en wier acties en passiviteit Europa noodlottig zouden worden. Het boek bestrijkt de periode vanaf Hitlers machtsovername in 1933 tot aan de evacuatie van het Britse leger op de stranden van Duinkerken in mei 1940. Behalve een onthullende geschiedenis is

Appeasement een tijdloze les over de noodzaak om op te treden tegen agressie en autoritarisme - en de rampspoed die volgt als we dat nalaten. The definitive history of the modern climate change era, from an award-winning writer who has been at the centre of the fight for more than thirty years In 1979, President Jimmy Carter was presented with the findings of scientists who had been investigating whether human activities might change the climate in harmful ways. "A wait-and-see policy may mean waiting until it is too late," their report said. They were right -- but no one was listening. Four decades later, we are haunted by the consequences of this inattention, and the years of complacency, obfuscation and denialism that followed. Today, the staggering scale and scope of what we have done to the planet is impossible to ignore: the seasons of fire and flood have crossed into plain view. Fire and Flood is a comprehensive, compulsively readable history of climate change from veteran environmental journalist Eugene Linden. Linden retells the story of the modern climate change era decade by decade, tracking the progress of four ticking clocks: first, the reality of climate change itself; second, advances in scientific understanding; third, the spread of public awareness; and fourth, the business and finance response. Like no previous writer, Linden has drawn together the elements of the biggest story in the world, in a book that it is gripping as history, as economic investigation, and as scientific thriller. The definitive history of the SS by an acclaimed expert. No book on Roman history has attempted to do what Stephen Dando-Collins does in *Legions of Rome*: to provide a complete history of every Imperial Roman legion and what it achieved as a fighting force. The author has spent the last thirty years collecting every scrap of available evidence from numerous sources: stone and bronze inscriptions, coins, papyrus and literary accounts in a remarkable feat of historical detective work. The book is divided into three parts: Part 1 provides a detailed account of what the legionaries wore and ate, what camp life was like, what they were paid and

how they were motivated and punished. The section also contains numerous personal histories of individual soldiers. Part 2 offers brief unit histories of all the legions that served Rome for 300 years from 30BC. Part 3 is a sweeping chronological survey of the campaigns in which the armies were involved, told from the point of view of particular legions. Lavish, authoritative and beautifully produced, *Legions of Rome* will appeal to ancient history enthusiasts and military history buffs alike. This budget paperback tells the complete history of the 'Cinderella' Porsches which have now become respected and established classics. Includes 914 and 914-6 in international motorsport and expert advice on buying and restoring. Period illustrations acquired with the assistance of Porsche. Do NOT read this book. Once you know, it will change the way you see the everything around you. The world as you know, it almost did not exist. Every person you have ever met, every person in your family, everything you have ever known and loved If not for a few brave individuals...nothing would exist. In the early 1700's history turned, shifted on one thing Just oneÉsimpleÉthing... We take it for granted every day... These few risked their lives to allow you to live in the world as you know it, and it all started with... Coffee. (Book). *She Bop* is the definitive in-depth study of women in popular music. Drawing on more than 250 firsthand interviews, it covers nine decades of musical history, from ragtime and vaudeville to punk and hip-hop, and features a remarkable cast of trailblazing female performers: Ella Fitzgerald and Madonna, Billie Holiday and Whitney Houston, Dusty Springfield and Beyonce, and many, many more. First published in 1995, *She Bop* was widely praised as "a contemporary classic" and "a must for any serious muso's bookshelf." It became a key text on numerous university and college courses, and has had a major impact on writing about women in music. To coincide with the second edition, published in 2002, the National Portrait Gallery in London ran a *She Bop* exhibition of photographs inspired by the book, while BBC Radio

2 broadcast a two-part documentary series of the same name, which was scripted by O'Brien. In recent years there has been an explosion of female artists on the pop scene. Artists like Adele, Amy Winehouse, and Florence Welch have spearheaded a third British Invasion of the US charts, while American acts such as Lady Gaga, Rihanna, and Katy Perry continue to dominate the global market. This revised and expanded third edition brings the story of She Bop into the 21st century, with extensive revisions throughout and a new final chapter covering the current generation of female performers and the ways in which the internet and digital culture have reconfigured the music industry for women. Discover the pivotal political, military, and cultural events that shaped British and Irish history, from Stone Age Britain to the present day, in this revised and updated ebook. Combining over 700 photographs, maps, and artworks with accessible text, the History of Britain and Ireland is an invaluable resource for families, students, and anyone seeking to learn more about the fascinating story of the England, Scotland, Wales, and Ireland. Spanning six distinct periods of British and Irish history, this ebook is the best way to find out how Britain transformed with the Norman rule, fought two world wars in the 20th century, and faced new economic challenges in the 21st century. DK's visual guide places key figures - from Alfred the Great to Winston Churchill - and major events - from Roman invasion to the Battle of Britain - in their wider context, making it easier than ever before to learn how they influenced Britain and Ireland's development through the age of empire into the modern era. Since 1866 the Ku Klux Klan has been a significant force in Mississippi, enduring repeated cycles of expansion and decline. Klansmen have rallied, marched, elected civic leaders, infiltrated law enforcement, and committed crimes ranging from petty vandalism to assassination and mass murder. This is the definitive history of the KKK in Mississippi, long recognized as one of the group's most militant and violent realms. The campaigns of

terrorism by the Klan, its involvement in politics and religion, and its role as a social movement for marginalized poor whites are fully explored. The Vietnam War remains one of the most heroic and heartbreaking events in history. This definitive guide charts the unforgettable story of the world's first televised war. Created in association with the Smithsonian Institution, this authoritative guide chronicles America's fight against Communism in southeast Asia during the 1960s and 1970s, and comprehensively explores the people, politics, events, and lasting effects of the Vietnam War. Hundreds of insightful images and a compelling narrative combine to chronicle this catastrophic conflict. From 1955, the communist government of North Vietnam waged war against South Vietnam and its main ally, the USA. Over the course of two decades of hostility and warfare, the number of casualties reached an incomprehensible three million people. Detailed descriptions of every episode, including Operation Passage to Freedom and the evacuation of the American embassy in Saigon, tell the stories in iconic photographs and eyewitness accounts. Discover the real people behind the conflict, with gripping biographies of key figures, including Henry Kissinger, General Thieu, President Nixon, and Pol Pot. This incredible visual record is supported by locator maps, at-a-glance timelines, archive photography, and key quotations to ensure an all-encompassing experience. The Vietnam War is an essential historic reference to help humanity learn the lessons of suffering and sacrifice from one of the bloodiest conflicts of the 20th century.

From the Chevrolet Bel Air to the Ferrari Testarossa, *The Classic Car Book* showcases the most important and iconic classic cars from every decade since the 1940s. Fully illustrated and packed with stunning photography, *The Classic Car Book* uses specially commissioned photographic tours to put you in the driver's seat of the world's most famous vintage cars, including stylish roadsters and luxury limousines from manufacturers such as Mercedes-Benz, Ferrari, Rover, Jaguar, and Bentley. *The Classic*

Car Book takes you on a scenic drive through the history of classic cars, profiling iconic models and key details of the world's most famous vehicles, and charting their legacy as objects of luxury and desire. Ideal for any car collectors and enthusiasts, The Classic Car Book is an essential addition to every fans' bookshelf. For the past four decades there have existed a variety of debates concerning the creation of the monster truck. Most of the arguments are flawed, as they are largely based on the fundamental presumption that the monster truck is a static concept in terms of both construction and purpose. This book delineates how the monster truck is not a singular creation but instead the sum of many technologies orchestrated in a manner to achieve purposes that, like the vehicles, have evolved over time. Author Marty Garza takes the reader on a journey through various phases of monster truck development and occasionally provides evidence of the existence of variations of the concept that predate the establishment of the term. Monster truck fans will be provided with not only the nuts and bolts of individual technological developments but also the context in which they were created. Monster Trucks depicts unique images that are true to the very nature of the developments themselves. The imagery may be dated, but it's vitally important for the preservation of the heritage of the monster truck industry and serves to recognize those individuals whose contributions have been largely overlooked though they played a significant role in achieving the spectacular level of technology observed today. One of New York Magazine's best books on Silicon Valley! The true, behind-the-scenes history of the people who built Silicon Valley and shaped Big Tech in America Long before Margaret O'Mara became one of our most consequential historians of the American-led digital revolution, she worked in the White House of Bill Clinton and Al Gore in the earliest days of the commercial Internet. There she saw firsthand how deeply intertwined Silicon Valley was with the federal government--and always had been--and how shallow the

common understanding of the secrets of the Valley's success actually was. Now, after almost five years of pioneering research, O'Mara has produced the definitive history of Silicon Valley for our time, the story of mavericks and visionaries, but also of powerful institutions creating the framework for innovation, from the Pentagon to Stanford University. It is also a story of a community that started off remarkably homogeneous and tight-knit and stayed that way, and whose belief in its own mythology has deepened into a collective hubris that has led to astonishing triumphs as well as devastating second-order effects. Deploying a wonderfully rich and diverse cast of protagonists, from the justly famous to the unjustly obscure, across four generations of explosive growth in the Valley, from the forties to the present, O'Mara has wrestled one of the most fateful developments in modern American history into magnificent narrative form. She is on the ground with all of the key tech companies, chronicling the evolution in their offerings through each successive era, and she has a profound fingertip feel for the politics of the sector and its relation to the larger cultural narrative about tech as it has evolved over the years. Perhaps most impressive, O'Mara has penetrated the inner kingdom of tech venture capital firms, the insular and still remarkably old-boy world that became the cockpit of American capitalism and the crucible for bringing technological innovation to market, or not. The transformation of big tech into the engine room of the American economy and the nexus of so many of our hopes and dreams--and, increasingly, our nightmares--can be understood, in Margaret O'Mara's masterful hands, as the story of one California valley. As her majestic history makes clear, its fate is the fate of us all. The National Book Award winning history of how racist ideas were created, spread, and deeply rooted in American society. Some Americans insist that we're living in a post-racial society. But racist thought is not just alive and well in America -- it is more sophisticated and more insidious than ever. And as award-winning historian Ibram

X. Kendi argues, racist ideas have a long and lingering history, one in which nearly every great American thinker is complicit. In this deeply researched and fast-moving narrative, Kendi chronicles the entire story of anti-black racist ideas and their staggering power over the course of American history. He uses the life stories of five major American intellectuals to drive this history: Puritan minister Cotton Mather, Thomas Jefferson, abolitionist William Lloyd Garrison, W.E.B. Du Bois, and legendary activist Angela Davis. As Kendi shows, racist ideas did not arise from ignorance or hatred. They were created to justify and rationalize deeply entrenched discriminatory policies and the nation's racial inequities. In shedding light on this history, *Stamped from the Beginning* offers us the tools we need to expose racist thinking. In the process, he gives us reason to hope. The official, definitive history of Bristol Rovers FC, from its origins in 1883 to the present day. Charting the 130-years from the arrival of horseless carriages to the advent of driverless vehicles, celebrate the automobile and the romance of the open road. Beginning with the development of the first vehicles powered by an internal combustion engine, *Drive* explores the early glamour of driving, motor sport, and car design, and looks at how the automobile has shaped the modern world. Revealing the advances in technology and design that have made cars faster, safer, and better to drive, and transformed them from a means of transportation into objects of status, excitement, and desire, *Drive* tracks trends in auto manufacturing and the public's changing tastes in cars: whether it's Golden Era sports cars such as the MG, Alfa Romeo, Jaguar, and Chevrolet, muscle cars like the Mustang, hot rods, custom cars, the hippie-standard VW, or modern-day hybrid cars. Trivia and fascinating facts covering the growth of car racing, the development of traffic lights, the boom in automobile advertising, the first car washes, and the craft of artisan-made cars complete the subject, making it a must-have for car enthusiasts. 'Vietnam' features accounts of 135 men and

women that span the history of the Vietnam conflict from its murky origins in the 1940s to the chaotic fall of Saigon in 1975. It allows us to see what this war meant to people on various sides - Americans and Vietnamese, generals and guerillas, policy makers and protesters, and more. In 1888 the Whitechapel area of London was the scene of some of the most brutal murders ever recorded in history - and yet the case of Jack the Ripper remains unsolved. Steering clear of wild conspiracy theories, and spurious attempts to advance new theories about the identity of the culprit, Paul Begg instead provides the facts behind one of the most infamous and grisly episodes of the Victorian era. The book is a social history of Victorian East London as it is about the murders themselves. Begg argues that the case excited such interest precisely because of the notoriety of the East End at. D. R. SarDesai presents the history of India in its entire civilizational depth. Using an Indiacentric approach, (as opposed to the Eurocentric or Anglocentric) the book covers the process of change in India through the centuries affecting different segments of the society, including the subalterns. He deals with the sweep of traditional Indian history as well as with the post-independence events, judiciously balancing narrative and analysis in the conceptual framework of postcolonial and postmodernist approaches. This is the first major survey which deals with the entire Indian history along the lines of tradition and modernity instead of the old and largely inapplicable divisions of ancient, medieval and modern time frames. In adopting such a periodization, the book supports what is followed by most instructors in their courses on India. De ongelijkheid in de wereld verklaard Waarom hebben de Australische aboriginals niet de wereld veroverd? Of de Mexicaanse indianen of de Amerikaanse nomaden? Wat is bepalend voor de ontwikkeling van volkeren? Zijn dat genetische verschillen of spelen andere oorzaken een rol? Jared Diamond toont op toegankelijke wijze aan dat volkeren zich verschillend hebben ontwikkeld als gevolg van klimatologische en

bacteriologische factoren. Genetische factoren blijken ondergeschikt. De ontwikkelde delen van de wereld hebben hun positie niet aan zichzelf, maar aan een speling van de natuur te danken. Diamond won met dit boek, waarvan meer dan 20.000 exemplaren zijn verkocht, de Pulitzer Price. 'Jared Diamond heeft een boek met een enorme reikwijdte geschreven (...) een van de belangrijkste en meest lezenswaardige werken die over de geschiedenis van de mensheid geschreven zijn.' Nature Jared Diamond is hoogleraar fysiologie aan de University of California in Los Angeles. Hij verricht onderzoek op het terrein van de evolutionaire biologie en is bekend als auteur van populair-wetenschappelijke boeken. Wereldwijd werden van deze megabestseller ruim een miljoen exemplaren verkocht. From award-winning historian Serhii Plokhy, *The Gates of Europe* is the definitive history of Ukraine that helps us understand the country's past and the current crisis Located at the western edge of the Eurasian steppe, Ukraine has long been the meeting place of empires - Roman to Ottoman, Habsburg to Russian - and they all left their imprint on the landscape, the language and the people living within these shifting borders. In this authoritative book, Serhii Plokhy traces the history of Ukraine from the arrival of the Vikings in the tenth century to the current Russian invasion of eastern Ukraine and annexation of Crimea. Fascinating and multi-layered, *The Gates of Europe* is the essential guide to understanding not just Ukraine's past but also its future. A collection of the stirring sagas of gods and goddesses, heroes and heroines, magical weapons, fabulous beasts and strange entities from the ancient Celtic world. Included are popular myths and legends from all six Celtic cultures - Irish, Scots, Manx, Welsh, Cornish and Breton. "A book that both taught me so much and also kept me on the edge of my seat. It is an invaluable text from a supremely talented writer." —Clint Smith, author of *How the Word is Passed* The definitive history of the pervasiveness of racial inequality in American higher education America's colleges

and universities have a shameful secret: they have never given Black people a fair chance to succeed. From its inception, our higher education system was not built on equality or accessibility, but on educating—and prioritizing—white students. Black students have always been an afterthought. While governments and private donors funnel money into majority white schools, historically Black colleges and universities (HBCUs), and other institutions that have high enrollments of Black students, are struggling to survive, with state legislatures siphoning away federal funds that are legally owed to these schools. In *The State Must Provide*, Adam Harris reckons with the history of a higher education system that has systematically excluded Black people from its benefits. Harris weaves through the legal, social, and political obstacles erected to block equitable education in the United States, studying the Black Americans who fought their way to an education, pivotal Supreme Court cases like *Plessy v. Ferguson* and *Brown v. Board of Education*, and the government's role in creating and upholding a segregated education system. He explores the role that Civil War-era legislation intended to bring agricultural education to the masses had in creating the HBCUs that have played such a major part in educating Black students when other state and private institutions refused to accept them. *The State Must Provide* is the definitive chronicle of higher education's failed attempts at equality and the long road still in front of us to remedy centuries of racial discrimination—and poses a daring solution to help solve the underfunding of HBCUs. Told through a vivid cast of characters, *The State Must Provide* examines what happened before and after schools were supposedly integrated in the twentieth century, and why higher education remains broken to this day.
