Themes, places, characters and voices of Elizabeth Jolley's Mr Scobie's Riddle are explored in detail in this monograph, which provides different narratological and translational analyses of the novel, as well as an academic translation into Italian. Considering

the challenges and issues posited by a literary work's translation helps to shed light on the original work itself. In this manner, the translation is to be seen as a further analytical instrument to gain insight into the original novel. The purpose of this work is to obtain a deeper understanding of the complicated microcosm created by Jolley in the nursing home of "St Christopher and St Jude": the typically Australian themes of migration, isolation, place and displacement; the Australian culture-specific elements; the ensemble of curious characters and their entertaining voices. This book strives to preserve the above elements in translation as the expression of something Other, a different culture, and to take Italian readers on a journey to the Australia depicted in Mr Scobie's Riddle so that Jolley's characters' voices can echo in the Italian language. This book examines the concept of translation as a return to origins and as restitution of lost narratives, and is based on the idea of diaspora as a term that depicts the longing

to return home and the imaginary reconstructions and reconstitutions of home by migrants and translators. The author analyses a corpus made up of novels and a memoir by Italian-Canadian writers Mary Melfi, Nino Ricci and Frank Paci, examining the theme of return both within the writing itself and also in the discourse surrounding the translations of these works into Italian. These 'reconstructions' are analysed through the lens of translation, and more specifically through the notion of written code-switching, understood here as a fictional tool which symbolizes the translational movements between different points of view. This book will be of particular interest to students and scholars of translation and interpreting, migration studies, and Italian and diasporic writing.

Italy's northernmost zone, the Veneto includes Padua, Verona, Vicenza, plus Venice itself, which once ruled the area. Some 5,000 Renaissance villas still stand, many by Palladio. A food- and wine-lover's paradise, it's also the most artistically rich region in Italy, and the most romantic, with the art of Giotto and Mantegna in Padua, the Roman ruins in Verona, the canals and palaces in Venice itself. Bellini, Tintoretto, Veronese and Titian worked here. Experience their art and be part of their world, with the insights of an insider. Every detail is here about the foods, the sights, the best places to stay and eat. The print edition is 400 pages.
