A Companion to the Ancient Near East Jun 22 2022 A Companion to the Ancient Near East offers students and general readers a comprehensive overview of Near Eastern civilization from the Bronze Age to the conquests of Alexander the Great. Covers the civilizations of the Sumerians, Hittites, Babylonians, Assyrians, Israelites and Persians Places particular emphasis on social and cultural history Covers the legacy of the Ancient Near East in the medieval and modern worlds Provides a useful bibliographical guide to this field of study

Decisions and Orders of the National Labor Relations Board May 09 2021

American Voices of Dissent Nov 03 2020 "Absolutely indispensable! An important resource in the struggle." Ken Loach, film director "Your book is just what we need at time when the American Left gets no coverage in the world's press and yet remains the hope for America and the world." Tony Benn, President, Stop the War Coalition "[This book] challenges the simplistic perception of Americans as SUV-driving, war-loving couch potatoes. There's a movement for peace and justice and this book gives it a voice." Mickey Z., writer With contributions by five Nobel Peace Prize winners, former government officials, scholars, religious leaders, journalists, activists, and prominent cultural figures, the documentary film XXI Century explores American reactions to recent global events captured through the lens of interviews and political rallies. This book presents selected excerpts from the filming of prominent U.S. citizens voicing their view on Bush administration policies in the century. These events include the much-contested 2000 election, the September 11, 2001, attacks, the impact of the USA Patriot Act, the accelerated growth of peace movements, the recruitment of U.S. soldiers, U.S. policy and attitudes toward the Middle East, sanctions and war in Iraq, and human rights violations. The speakers also consider how the rise of media spectacle and punditry at the expense of quality journalism inhibits the ability of Americans to react to these events as informed citizens. The voices of Americans, both ordinary and famous, resonate with passion and urgency in response to the injustice and far-reaching effects of the current U.S. foreign policy. American Voices of Dissent highlights the other side of the story and makes a case for global solidarity against U.S. imperialism.

Turek's Orthopaedics Aug 12 2021 Now in its revised, updated Sixth Edition, this text provides residents and medical students with a broad overview of adult and pediatric orthopaedics. Major sections focus on general and regional disorders of the musculoskeletal system. This edition's chapters on regional disorders have separate adult and pediatric sections and include sports medicine information and reviews of anatomy. Coverage of each disorder includes more details on treatment and prognosis. This edition also provides expanded coverage of molecular orthopaedics, biomaterials, orthotics and prosthetics, diagnosis by physical examination, commonly ordered laboratory tests, rehabilitation, biomechanics, principles of fractures, osteoporosis, overuse syndromes, and Achilles tendon rupture.

Uncultured Oct 02 2020 In the vein of Educated and The Glass Castle, Daniella Mestynek Young's Uncultured is more than a memoir about an exceptional upbringing, but about a woman who, no matter the lack of tools given to her, is determined to overcome. Behind the tall, foreboding gates of a commune in Brazil, Daniella Mestynek Young was raised in the religious cult The Children of God, also known as The Family, as the daughter of high-ranking members. Her great-grandmother donated land for one of The Family's first communes in Texas. Her mother, at thirteen, was forced to marry the leader and served as his secretary for many years. Beholden to The Family's strict rules, Daniella suffers physical, emotional, and sexual abuse—masked

as godly discipline and divine love—and is forbidden from getting a traditional education. At fifteen years old, fed up with The Family and determined to build a better and freer life for herself, Daniella escapes to Texas. There, she bravely enrolls herself in high school and excels, later graduating as valedictorian of her college class, then electing to join the military to begin a career as an intelligence officer, where she believes she will finally belong. But she soon learns that her new world—surrounded by men on the sands of Afghanistan—looks remarkably similar to the one she desperately tried to leave behind. Told in a beautiful, propulsive voice and with clear-eyed honesty, *Uncultured* explores the dangers unleashed when harmful group mentality goes unrecognized, and is emblematic of the many ways women have to contort themselves to survive.

Context and Appropriateness Dec 04 2020 This book departs from the premise that context and appropriateness represent complex relational configurations which can no longer be conceived as analytic primes but rather require the accommodation of micro and macro perspectives to capture their inherent dynamism. The edited volume presents a collection of papers which examine the connectedness between context and appropriateness from interdisciplinary perspectives. The papers use different theoretical frameworks, such as situation theory, speech act theory, cognitive pragmatics, sociopragmatics, discourse analysis, argumentation theory and functional linguistics. They reflect current moves in pragmatics and discourse analysis to cross disciplinary and methodological boundaries by integrating relevant premises and insights, in particular cognition, negotiation of meaning, sequentiality, recipient design and genre.

Planting and Reaping Albright Jul 23 2022 This book examines the social formation and ideological practices of William Foxwell Albright, the gifted Johns Hopkins linguist and archaeologist who, along with a fiercely loyal and organized group of former students, exerted uncommon influence on the substance and direction of mid-twentieth century biblical studies. Albright and these devoted students (such as G. Ernest Wright, Frank Moore Cross, Jr., David Noel Freedman, John Bright, George E. Mendenhall) came to be known as the "Albright School." Burke Long here treats the field of biblical studies, not as a repository of objective knowledge, but as a culture created by like-minded people whose knowledge is mediated through the ideologically charged give-and-take of social interactions. A first of its kind for biblical studies, *Planting and Reaping Albright* draws on private letters, interviews, and published work to expose ideological presuppositions and political machinations embedded in historical knowledge about the Bible that this group of scholars constructed and disseminated through its various activities. Long investigates Albright's many assumptions about the "way things really are" and the ways in which his students, describing themselves as "sons of Albright," embarked on a crusade to secure political and ideological dominance of the landscape of American biblical scholarship. The Albright School constituted a sociological phenomenon that had lasting consequences for American intellectual history and scholarship. Accordingly, this book suggests ways in which Albright, or a

social realization of Albright, was present in, and presented to, a culture of generational and ideological solidarity.

Terrorism, Betrayal, and Resilience Jan 05 2021 On August 7, 1998, three years before President George W. Bush declared the War on Terror, the radical Islamist group al-Qaeda bombed the American embassy in Nairobi, Kenya, where Prudence Bushnell was serving as U.S. ambassador. *Terrorism, Betrayal, and Resilience* is her account of what happened, how it happened, and its impact twenty years later. When the bombs went off in Kenya and neighboring Tanzania that day, Congress was in recess and the White House, along with the entire country, was focused on the Monica Lewinsky scandal. Congress held no hearings about the bombings, the national security community held no after-action reviews, and the mandatory Accountability Review Board focused on narrow security issues. Then on September 11, 2001, al-Qaeda attacked the U.S. homeland and the East Africa bombings became little more than an historical footnote. *Terrorism, Betrayal, and Resilience* is Bushnell's account of her quest to understand how these bombings could have happened given the scrutiny bin Laden and his cell in Nairobi had been getting since 1996 from special groups in the National Security Council, the FBI, the CIA, and the NSA. Bushnell tracks national security strategies and assumptions about terrorism and the Muslim world that failed to keep us safe in 1998 and continue unchallenged today. In this hard-hitting, no-holds-barred account she reveals what led to poor decisions in Washington and demonstrates how diplomacy and leadership going forward will be our country's most potent defense. Purchase the audio edition.

Ceramics and Change in the Early Bronze Age of the Southern Levant Apr 20 2022 This book sets out the primary issues and current debates in the use of ceramics to reconstruct and explain cultural economic and social processes in the Early Bronze age. By bringing together research on pottery from various parts of the southern Levant, it allows direct comparison of contemporary material from different regions. Alongside these empirical studies are discussions of general ceramic issues, so that the book highlights the potential of pottery as an investigative tool, and indicates fruitful directions for future research within the traditionally conservative field of Levantine archaeology.

NATO's Balkan Interventions Jun 10 2021 Examines NATO's Balkan interventions over the entire decade starting with the

break-up of Yugoslavia in 1992. Focusing on the wars in Bosnia and Kosovo, it traces the record of early transatlantic failures and later successes as once bitterly divided allies were able, finally, to unite around some basic principles. By the time of the Kosovo intervention in spring 1999, the allies agreed on the necessity of taking sides and using military force in conflicts that were complicated, but far from morally opaque. The book concludes with some lessons around which the transatlantic allies might reasonably hope - despite other pressing concerns - to stay engaged and stay united.

Ethical Challenges in Managed Care Nov 15 2021 Through twenty case studies that illustrate a wide range of ethical challenges, this book explores the goals, methods, and practices of managed care, and offers practical guidance for addressing the ethical and policy issues inherent in such a system.

Madeleine Albright And The New American Diplomacy Nov 27 2022 The story of the woman who, with unprecedented enthusiasm and openness, helped forge a new foreign policy for America.

Summary of Madeleine Korbel Albright's Madam Secretary Dec 24 2019 Please note: This is a companion version & not the original book. Sample Book Insights: #1 On election night, Albright was with the President. She was expecting a call from Vernon Jordan, who was to head up the vetting team at the State Department. She thought it would be a good idea for her to connect with White House personnel and begin the process. #2 Albright was eventually offered the job, and she accepted. But she had to be careful about how she made it clear to the White House that she was interested in the position. The Clinton administration had run into trouble with some of its appointments, and they had issued a directive that candidates for all

positions be thoroughly vetted before the White House would even acknowledge that they were under consideration. #3 Albright was a professional who had no interest in the job. She was grateful to have friends like Leahy to jolt her into action mode when necessary. #4 Albright made a point of visiting the capitals of dozens of countries, which was rarely done by the State Department's more senior diplomats. She was building political capital with the dozens of envoys throughout the world.

De hel en andere bestemmingen May 21 2022 De hel en andere bestemmingen van Madeleine Albright bevat de indrukwekkende memoires van de voormalig minister van BZ van de VS. Voor de lezers van Praagse winter en Mevrouw de minister. De hel en andere bestemmingen van Madeleine Albright: de prachtige memoires van een van de inspirerendste vrouwen uit de Amerikaanse politiek. Als Madeleine Albright in 2001 terugtreedt als eerste vrouwelijke minister van Buitenlandse Zaken van de VS, wordt haar gevraagd hoe zij herinnerd wil worden. 'Ik wil niet herinnerd worden,' antwoordt ze, 'ik ben er nog steeds en ik wil dat elke fase van mijn leven spannender is dan de voorgaande.' Op dat moment overziet Albright haar mogelijkheden: ze kan schrijven, lesgeven, reizen, lezingen geven, een bedrijf beginnen, strijden voor meer democratie, opkomen voor vrouwen, campagne voeren voor politieke kandidaten en meer tijd besteden aan haar kleinkinderen. Ze besluit om het allemaal te doen. Al meer dan twintig jaar is ze constant bezig en ze leert nog elke dag. Ze bewandelt haar eigen pad en is tegelijkertijd in staat om een stem te geven aan de miljoenen mensen die smachten naar respect, ongeacht hun gender, achtergrond of leeftijd. De hel en andere bestemmingen van Madeleine Albright is de inspirerende autobiografie van een uitzonderlijke vrouw met een weergaloze levenslust. Lees ook Albrights eerdere autobiografische boeken Praagse winter en Mevrouw de minister. Over Praagse winter: 'Albright zet de verwarrende geschiedenis van haar geboorteland kraakhelder en prikkelend uiteen.' – Elsevier Weekblad 'Ook in dit boek laat ze zien dat ze over een uitstekende pen beschikt en buitengewoon goed kan analyseren.' – Trouw

Madeleine Albright Apr 08 2021 A close-up portrait of U.S. Secretary of State Madeleine Albright chronicles her early life as the child of Czech-Jewish parents, her family's escape from the Nazis, her role in the women's movement, and her rise to power in Washington. 45,000 first printing.

A Brief History of Old Testament Criticism Jul 31 2020 Mark Gignilliat discusses critical theologians and their theories of Old

Testament interpretation in this concise overview, providing a working knowledge of the historical foundation of contemporary discussions on Old Testament interpretation. Old Testament interpretation developed as theologians and scholars proposed critical theories over time. These figures contributed to a large, developing complex of ideas and trends that serves as the foundation of contemporary discussions on interpretation. Mark Gignilliat brings these figures and their theories together in *A Brief History of Old Testament Criticism*. His discussion is driven by influential thinkers such as Baruch Spinoza and the critical tradition, Johann Semler and historical criticism, Hermann Gunkel and romanticism, Gerhard von Rad and the tradition-historical approach, Brevard Childs and the canonical approach, and more. This concise overview is ideal for classroom use as it provides a working knowledge of the major critical interpreters of the Old Testament, their approach to the subject matter, and the philosophical background of their approaches. Further reading lists direct readers to additional resources on specific theologians and theories. This book will serve as a companion to the forthcoming textbook *Believing Criticism* by Richard Schultz.

Supreme Court Mar 07 2021

Divine Aggression in Psalms and Inscriptions Feb 24 2020 The aggression of the biblical God named Yhwh is notorious. Students of theology, the Bible, and the Ancient Near East know that the Hebrew Bible describes Yhwh acting destructively against his client country, Israel, and against its kings. But is Yhwh uniquely vengeful, or was he just one among other, similarly ferocious patron gods? To answer this question, Collin Cornell compares royal biblical psalms with memorial inscriptions. He finds that the Bible shares deep theological and literary commonalities with comparable texts from Israel's ancient neighbours. The centrepiece of both traditions is the intense mutual loyalty of gods and kings. In the event that the king's monument and legacy comes to harm, gods avenge their individual royal protégé. In the face of political inexpedience, kings honour their individual divine benefactor.

Landscapes for the People Jan 17 2022 George Alexander Grant is an unknown elder in the field of American landscape photography. Just as they did the work of his contemporaries Ansel Adams, Edward Weston, Eliot Porter, and others, millions of people viewed Grant's photographs; unlike those contemporaries, few even knew Grant's name. *Landscapes for the People* shares his story through his remarkable images and a compelling biography profiling patience, perseverance, dedication, and an unsurpassed love of the natural and historic places that Americans chose to preserve. A Pennsylvania native, Grant was introduced to the parks during the summer of 1922 and resolved to make parks work and photography his life. Seven years later, he received his dream job and spent the next quarter century visiting the four corners of the country to produce images in more than one hundred national parks, monuments, historic sites, battlefields, and other locations. He was there to visually document

the dramatic expansion of the National Park Service during the New Deal, including the work of the Civilian Conservation Corps. Grant's images are the work of a master craftsman. His practiced eye for composition and exposure and his patience to capture subjects in their finest light are comparable to those of his more widely known contemporaries. Nearly fifty years after his death, and in concert with the 2016 centennial of the National Park Service, it is fitting that George Grant's photography be introduced to a new generation of Americans.

Inflectional Defectiveness Sep 25 2022 Paradigmatic gaps ('missing' inflected forms) have traditionally been considered to be the random detritus of a language's history and marginal exceptions to the normal functioning of its inflectional system. Arguing that this is a misperception, *Inflectional Defectiveness* demonstrates that paradigmatic gaps are in fact normal and expected products of inflectional structure. Sims offers an accessible exploration of how and why inflectional defectiveness arises, why it persists, and how it is learned. The book presents a theory of morphology which is rooted in the implicative structure of the paradigm. This systematic exploration of the topic also addresses questions of inflection class organization, the morphology-syntax interface, the structure of the lexicon, and the nature of productivity. Presenting a novel synthesis of established research and new empirical data, this work is significant for researchers and graduate students in all fields of linguistics.

Israel in Egypt Feb 06 2021 Scholars of the Hebrew Bible have in the last decade begun to question the historical accuracy of the Israelite sojourn in Egypt, as described in the book of Exodus. The reason for the rejection of the exodus tradition is said to be the lack of historical and archaeological evidence in Egypt. Those advancing these claims, however, are not specialists in the study of Egyptian history, culture, and archaeology. In this pioneering book, James Hoffmeier examines the most current Egyptological evidence and argues that it supports the biblical record concerning Israel in Egypt.

Going Global Or Going Nowhere? Oct 26 2022 This book examines the changing nature and location of NATO's operations, concentrating on the development of its extra-European interventions. The objectives of the book are twofold. The first is to provide a historical overview of the importance of the out-of-area issue to NATO. The book takes a chronological approach to this and maps the evolution of the debates that took place about NATO's appropriate response to threats beyond the North Atlantic area from NATO's founding in 1949 until the present day. The second objective is to assess how successfully NATO has made the transition from being a security actor with regional responsibilities to one that responds to global security threats. The author considers the argument that emerged post-9/11 that the key to ensuring NATO's future vitality was to expand its geographic area of responsibility to encompass threats occurring both within and beyond the Euro-Atlantic area. This book therefore provides the first detailed examination of the evolution of NATO's global role and the success with which NATO has adapted to its new responsibilities.

Planting and Reaping Albright May 29 2020 This book examines the social formation and ideological practices of William Foxwell Albright, the gifted Johns Hopkins linguist and archaeologist who, along with a fiercely loyal and organized group of former students, exerted uncommon influence on the substance and direction of mid-twentieth century biblical studies. Albright and these devoted students (such as G. Ernest Wright, Frank Moore Cross, Jr., David Noel Freedman, John Bright, George E. Mendenhall) came to be known as the &"Albright School.&" Burke Long here treats the field of biblical studies, not as a repository of objective knowledge, but as a culture created by like-minded people whose knowledge is mediated through the ideologically charged give-and-take of social interactions. A first of its kind for biblical studies, *Planting and Reaping Albright* draws on private letters, interviews, and published work to expose ideological presuppositions and political machinations embedded in historical knowledge about the Bible that this group of scholars constructed and disseminated through its various activities. Long investigates Albright's many assumptions about the &"way things really are&" and the ways in which his students, describing themselves as &"sons of Albright,&" embarked on a crusade to secure political and ideological dominance of the landscape of American biblical scholarship. The Albright School constituted a sociological phenomenon that had lasting consequences for American intellectual history and scholarship. Accordingly, this book suggests ways in which Albright, or a social realization of Albright, was present in, and presented to, a culture of generational and ideological solidarity.

Pillars in the History of Biblical Interpretation, Volume 3 Jul 11 2021 This third volume, like its predecessors, adds to the growing body of literature concerned with the history of biblical interpretation. With eighteen essays on nineteen biblical interpreters, volume 3 expands the scope of scholars, both traditional and modern, covered in this now multivolume series. Each chapter provides a biographical sketch of its respective scholar(s), an overview of their major contributions to the field, explanations of their theoretical and methodological approaches to interpretation, and evaluations and applications of their methods. By focusing on the contexts in which these scholars lived and worked, these essays show what defining features qualify these scholars as "pillars" in the history of biblical interpretation. While identifying a scholar as a "pillar" is somewhat subjective, this volume defines a pillar as one who has made a distinctive contribution by using and exemplifying a clear method that has pushed the discipline forward, at least within a given context and time period. This volume is ideal for any class on the history of biblical interpretation and for those who want a greater understanding of how the field of biblical studies has developed and how certain interpreters have played a formative role in that development.

LEADERSHIP and GENDER PARITY the Gold and Silver Shield Jan 25 2020 *Leadership and Gender Parity: The Gold and Silver Shield* is a reflection on the qualities of leadership which are meaningful for both women and men. Gender parity in leadership offers us the most optimistic solution to local and world problems. A global snapshot of women's style of leadership,

it is also the biography of one woman, Yvonne King Hanson, who emigrated from St. Vincent and the Grenadines to Canada in 1964. In her own words, she describes her philosophy of leadership and the struggles and successes which took place during her career.
